

MADRID PLANS FINAL STAND

Rural Avenue Will Be Open To Traffic Friday

City Engineer Says Im-
provement Of Hill Route
Is About Complete

ADVISES CAUTION
IN USING ROUTE

Guard Rails Not Yet In
Place—Road Has Hard
Surface Now

Paving of Rural avenue to a width of 30 feet is now complete and Friday the thoroughfare will be open to traffic, according to City Engineer Glenn R. Throp. However, the engineer said autoists should employ caution, as guard rails are now being constructed at dangerous points.

Relocation of Rural avenue for a distance of 700 feet was started by the RWD in 1934. This part of the job was completed and later the WPA approved a city project and started the actual steps toward paving.

The base consists of 12 inches of broken sandstone and a two-inch bituminous concrete surface, according to Throp. Along the cartway are five feet stone gutters.

"Non-Skid Surface"

Approximately 50 per cent of the eight-foot stone retaining walls has been completed. Nine hundred feet of wall finally will be built.

According to the city engineer, the surface should be non-skid during the winter months. Drains connect with an old storm sewer beneath the cartway. The sewer flows into the Neshannock river.

About 500 feet of guard rail must be installed. This work got under way today.

The project was designed as another means of north and south travel by vehicles to and from the North Hill to the downtown section.

PA NEW OBSERVES

Some political orators expect raspberries at this time of the year—but the real raspberry pickers don't! Two plums of the juicy red berries, gathered Wednesday, were brought to The News for display this morning by John Bloise, R. F. D. 3. Bloise said he "never saw raspberries at this season of the year." He was going to gather more today. Bloise gathered the berries on the old Swick farm along R. F. D. 3.

Announcement that the newly improved Rural avenue hill thoroughfare will be thrown open to traffic Friday morning will come as welcome news to motorists who prefer that North Hill-downtown route to Highland or other hill routes. A vast change in the roadway will mean that more and more cars will travel that way. The widening and the elimination of curves, added to the knowledge that the route is a short-cut to the eastern North Hill, will see the Rural avenue drive become popular.

Work has been completed on re-surfacing of the New Castle to New Wilmington highway, from the end of Highland avenue to the college town.

The New Bedford-Pulaski road is being given a new surface treatment, Pa Newc is informed. The work is well in progress.

Residents along streets recently paved, where an amesite surface has been applied, should heed the warning of the city engineer, that leaves cannot be burned on the street. It will spoil the paving. Leaves cannot be burned anywhere in the city without a permit from the firemen. It is also advised.

Close Election Is Forecast By Writer

(International News Service)
BOSTON, Oct. 22.—The November presidential election will be close. One major party candidate will get about 21,000,000 votes. The other will get about 19,000,000. President Roosevelt has an edge, but only a slight one.

Those were the observations and predictions today of Willard M. Kiplinger, Washington business and political writer, in an address before the Boston Chamber of Commerce.

Other predictions made by Kiplinger were:

Business will recover still further next year and be "normal" in 1938. The years 1938 and 1939 will be "boom" years. In 1940 or 1941 there will be another depression.

Labor unionization will grow greatly in the next five years. Corporation profits will rise, and so will wages.

Congress will be Democratic in the next years and will restrain Roosevelt or "play ball" with Landon.

A labor-liberal party will be in the presidential field in 1940.

ABOARD LONDON SLOWFLOW SPECIAL, Enroute To Oklahoma City, Oct. 22.—Appealing again for non-partisan support of his presidential campaign, Gov. Alfred M. Landon today fired another broadside at the New Deal, charging its underlying motive was to regiment the individual and curb his liberties.

The Republican nominee was speeding eastward along the old Santa Fe Trail enroute to close his campaign in the east. After speaking last night in Phoenix, Ariz., his next scheduled address was in Oklahoma City tomorrow morning.

Works On Major Addresses

The governor spent hours in his private car working on the major addresses he will deliver in Indianapolis, Philadelphia, Pittsburgh, New York City and St. Louis. Only one subject was revealed—a denunciation of the Roosevelt administration for an "influx of spooks into the White House."

Alice Longworth Says

(Special To The News)
CINCINNATI Oct. 22.—The most recent confirmation of charges that the new deal has lodged despotic power in the chief executive is made by a man who knows what he is talking about. It comes from General Johnson, who while head of NRA proclaimed "economic death" for anyone who ignored the call of the Blue Eagle.

Now, forecasting the re-election of Mr. Roosevelt, the general says: "It does not lie in his nature to forgive easily. But he must forgive. No Thaddeus Stevens revenge and treating them like 'conquered provinces.'"

In other words General Johnson reveals his apprehension that Mr. Roosevelt will employ punitive measures against those who have opposed him, and what is worse, that he has the power so to do. He recommends in effect that our ruler should declare an amnesty for potential political prisoners.

It is far too much like an appeal for "The King's Mercy" to erring subjects to be acceptable to independent American citizens.

(International News Service)
MEMPHIS, Tenn., Oct. 22.—A two-year-old bandit gang, with a 15-year-old girl as their cheer leader, today had wound up their career of crime with one of their number dead, two in jail and another playing hide and seek with a posse in a nearby swamp.

Red-haired Priscilla Frosta, 15, of Beloit, Wis., and Dick Flannery, 13, of Cairo, Ill., were brought to the Memphis jail early this morning from nearby Bell Tenn., where they were captured by the town constable last night after escaping Memphis officers in a running gun fight thru the business district.

The dead youth was identified as Jimmy Magid, about 20, a paroled convict with an 11-year sentence hanging over him on a robbery and attempted murder charge in Chicago. His body was found on the roadside near the wrecked bandit car, which had crashed into road machinery while Haywood county officers were chasing them.

HARRISBURG, Oct. 22.—Checks totaling \$1,894,416—representing over-

Due in August, the payments were made possible through the sale of \$45,000,000 in tax anticipation notes \$1,000,000 of which was returned to the liquor license fund recently.

The \$1,000,000 repayment raised the total amount in the fund to \$2,041,000 treasury officials said.

The payments were held up, it was pointed out, because of "raids" on the special funds for relief purposes. Communities receiving payments included:

Bead A Day Kept Death Away

BOBBY FOWLER

A bead a day has kept death away from 20-month-old Bobby Fowler of Washington, D. C. Bobby's esophagus was severely burned last April when he drank some lye and as a result his throat gradually closed. An operation was performed to permit a tiny opening. Small beads, one a day, attached to a string, were given Bobby to swallow, thus making the opening larger each day. The string runs from Bobby's mouth through his throat and esophagus and is attached to a rubber tube inserted in the wall of the abdomen. Bobby now takes food.

AID FOR WIDOWS
TO BE STRESSED

Six hundred members of the American Legion from Western Pennsylvania, principally from the 26th and 28th districts, heard Walter J. Kress, the new Pennsylvania Department commander tell of the major objectives of the American Legion during the coming year, and of the special effort which is going to be put forth to make Pennsylvania the largest department in the United States, at a rally in the Armory last evening.

Adequate pensions for widows and orphans, and adoption of a Universal Service Act will be the major legislative objectives. That this country will not be faced with dragged out pensions, where some young woman marries an old veteran for the pension she might receive, the Legion's proposal is that pensions be paid only to those who were married prior to 1931.

Strange as it may seem, there are still pensioners of the War of 1812, which occurred 124 years ago. It is such an evil that the Legion proposes to prevent in the future, he said.

Mystery In Probe Of Mrs. Simpson's Divorce

(International News Service)
WARRENTON, Va., Oct. 22.—The mystery as to who is behind the investigation of Mrs. Wallis Simpson's divorce from Commander Earl Winfield Spencer, U. S. N., remained a secret today.

Numerous copies of the court records of the case have been made by Washington attorneys who declined to reveal the identity of their client. Nor would they say whether an attempt is to be made to set aside the divorce.

Irrespective of what is behind the

investigation, the divorce is perfectly legal and valid, State Senator Aubrey Weaver declared today.

Senator Weaver, who represented Mrs. Simpson in the divorce proceedings here nine years ago, declared that Mrs. Simpson had complied with all Virginia laws to obtain the decree.

If the divorce were to be set aside, it was pointed out, Mrs. Simpson would still be the legal wife of Commander Spencer, who remarried shortly after the divorce was granted and is now stationed on the aircraft carrier Ranger in California.

HARTFORD, Conn., Oct. 22.—A crowd estimated at 60,000 assembled here in Bushnell Park this morning to greet President Roosevelt as he opened his bid for Connecticut's eight electoral votes.

The impressive turnout, Mr. Roosevelt said, was indicative that the people are paying more attention to government.

The president announced he had come to Hartford to discuss flood control measures with Gov. Wilbur N. Cross and other state officials.

Skies were overcast as the executive left his train. Anticipating rain, the crowds that jammed the sidewalks displayed numerous banners carrying the "rain or shine" campaign picture which shows Mr. Roosevelt.

At Harrisburg

(International News Service)
HARRISBURG, Oct. 22.—Fifty state capitol employees, including a cabinet officer and two other administration officials, today faced charges of illegal registration as Republicans served notice of a registration "purge" to be brought before the Dauphin county commissioners.

Dr. Lester K. Ade, superintendent of public instruction; Richard J. Beamish, chief counsel for the public service commission; and Howard L. Russell, administrative assistant of the state emergency relief board, were among those on whom Earl V. Compton, Harrisburg attorney, served notices of the move.

The Republican state committee said affidavits to be presented today charge the officials and other with violating the state constitution here when they were already registered elsewhere.

'Mikado' Goes Over Big Here Last Evening

Gilbert And Sullivan Comic
Opera Presented By Y.
W. C. A. At Cathe-
dral

WILL BE HEARD
AGAIN TONIGHT

Confirming a rumor which has been bruited about town ever since the rehearsals got underway, a Cathedral audience Wednesday night found the New Castle presentation of "The Mikado" truly magnificent, something much above any local talent performance here in years.

A gifted and intelligently-directed cast of singers and players crossed wires with the magic of Gilbertian words and lilting Sullivan tunes and the result was a splendid two hours of theatrical pyrotechnics. It is likely that this famous light opera which has spelled half a century of lyrical and musical delight have never received better treatment at the hands of amateurs.

Tonight it is to be repeated and if you have to beg, borrow or pawn your tin pin, you should be there when the curtain goes up. It is a fine evening's entertainment, light and breezy, absolutely clean, abundant in humor and cleverly satirical.

Little need be said about the merits of operetta itself. It has stood the test of the years and is just as popular today as in 1885 when it was first produced in the Savoy theater at London.

Plot Of "The Mikado"

The plot of the show is highly improbable if you stop to think, but no one in the audience last night stopped to think; all just sat and enjoyed. "The Mikado," a very moral ruler, has issued an edict condemning to death every man found guilty of flirtation "unless continually linked." To evade this stern sentence the citizens of the town of Titipu hit upon the idea of appointing one thus condemned, Ko-Ko the tailor, to the office of executioner.

(International News Service)
EASTON, Pa., Oct. 22.—Robert Albert, 27-year-old WPA worker, who, police said, confessed killing his estranged wife, Queenie, by running her down with an automobile, was held without bail today pending arraignment on charges preferred by District Attorney William A. Frack of Northampton county.

While the prisoner paced his cell whimpering "I didn't mean to kill her," according to jailers, authorities studied Albert's confession purporting to relate how he drove his car into his wife and a companion, Mildred Frey, 18, as they were walking home from work on a country road.

Mrs. Albert was killed instantly, but Miss Frey was not critically injured. Police said Miss Frey identified Albert as the driver of the car which sped away, leaving both women lying helpless on the roadside.

MADRID, Oct. 22.—Leaving behind captured Navalcarnero and its scenes of horrible carnage, the solid lines of Moorish troops and Foreign Legionnaires marched five miles farther on today—to within 13 miles of Madrid—before the retreating Loyalists could re-form their lines and stem the advance.

Far more than 1000 bodies of Loyalist defenders were found on the Navalcarnero battlefield, according to rebel statements, when the victors moved into the strategic town.

The streets were literally strewn with the dead, the majority killed by a heavy aerial bombardment, in which seven government airplanes were brought down, before the infantry marched in.

Unified Advance

The thrust beyond Navalcarnero, carrying the rebels altogether 11½ miles nearer Madrid, was part of a perfectly unified advance all around the Madrid circle, which served to keep the lines concentric. Similar fierce rebel attacks advanced the rebel positions beyond Illescas in the southwest, and in the Aranjuez sector south of Madrid and the escorial in the northwest.

According to the Tetuan radio, the rebels advanced 22 miles from Sigüenza to Jadraque, 60 miles from Madrid on the Guadalajara road.

Claim Madrid Railway Station Is Bombed Today

(International News Service)
BULLETIN
HENDAYE, France, Oct. 22.—Rebel radio announcers at Seville asserted insurgent airplanes had bombed the Northern Railway station in Madrid today.

This station, near the heart of the capital, is one of Madrid's leading railway terminals.

The rebels followed up their smashing victory at Navalcarnero by continuing their advance toward Madrid today, according to a rebel communique.

In addition to bombing the railway station in the capital, the insurgent planes flew over entrenchments being built outside Madrid by Loyalists, causing workers to flee, the Seville announcers said.

SMART FUNCTION

AT JAMESON HOME

In the lovely North Jefferson street residence of Mrs. David Jameson, the beauty of which was enhanced with profusion of autumn flowers, gorgeous dahlias and chrysanthemums in various colors, nearly 200 guests were received this afternoon at an informal "at home" affair. Hours were from 3 to 6.

Receiving with Mrs. Jameson was her daughter, Mrs. William D. McCreery. After greeting their hostesses, the guests found pleasure just "visiting" and they were served tasty refreshments in the dining room.

Aides included Miss Carrie Crawford, Mr. Charles Greer, Mrs. S. L. McCracken, Mrs. James M. Smith, Mrs. John Byers, Mrs. Harry W. McKee, Jr., Miss Jessie McCreery, and Miss Nancy McKee.

TRI-QUAD BRIDGE CLUB

HAS EVENING ASSEMBLY

Tri-Quad Bridge club members, enjoyed the hospitality of Miss Lois Biggins Wednesday evening, who entertained at her residence on North street at their regular bi-weekly event. Two special guests who shared, were Virginia Conover and Mrs. Gordon Jenkins.

Cards claimed attention during the early period, prizes falling to Elizabeth Morrow and Mrs. Samuel Brown. The serving of a most delicious lunch, concluded the evening's program.

On Wednesday, November 4, the girls will be received in the home of Lucille Emery, Laurel avenue.

Neighbors Sewing Club

Wednesday evening, members of the N. S. club gathered in the home of Mrs. Andy Gallion, Division street, for their regular meeting. After a short business session, the members spent the remainder of the evening working on fancy work.

At a selected time a delicious luncheon was served by the hostess, assisted by Miss Lucy Fire.

The next meeting will be on October 29, in the home of Mrs. Mike Cassella, Taylor street.

MRS. WILLIAM DUNN

HOSTESS TO CLUB

The usual exchange of books and a discussion of current topics marked the meeting Wednesday afternoon of Circulating Book club members, in the home of Mrs. William Dunn on East street, hostess. She entertained at their regular bi-weekly assembly, activities beginning at 2 o'clock.

A social period ensued when special music was contributed by Mrs. H. W. McKee. Refreshments were served as the concluding feature.

On Wednesday, November 4, the club will meet with Mrs. John Butz of the Guarard apartments on North Mill street.

SURPRISE SHOWER

FOR MRS. R. TAYLOR

The Misses Gladys and Elizabeth Taylor were co-hostesses at their home on West Madison avenue Wednesday evening, when they entertained in honor of their cousin, Mrs. Raymond Taylor, nee Florence Harrison, a bride of a few weeks.

The occasion, planned in the form of a surprise, interested guests numbering approximately 30. After a period of games and other pastimes, the guest of honor was showered with an array of miscellaneous gifts. A tasty repast was served by the hostesses as the concluding feature.

Out of town guests included Mrs. William Miller and children of Beaver Falls.

J. P. Club

Mrs. Mary Konopka of Cunningham avenue, was a pleasing hostess to J. P. club associates on a recent evening, when they assembled in her home for an informal period of bingo and card playing.

The several prizes were won by Mrs. Mary Kolodjeski, Mrs. Anna Pilch, Mrs. Sophie Kozalski and Mrs. Mary Kuczar for bingo. A luncheon menu was served by the hostess, aided by Mrs. Mary Kuczar.

On October 29, the club will gather at the home of Mrs. Stella Johnson, Pennsylvania avenue.

COUPLE MARRIED ON WEDNESDAY AFTERNOON

Miss Mabel Merzhimer, daughter of Mr. and Mrs. George Merzhimer, of South Ray street, and George W. Stevenson, son of Attorney and Mrs. W. W. Stevenson, of Court street, were married at 4 o'clock Wednesday afternoon in the Christian church parsonage at New Cumberland, W. Va. The officiating minister was Rev. Don P. Hawkins.

After the ceremony the couple returned to New Castle where they were honored at a dinner in the home of the bride's sister, Mrs. W. B. Francis, Edgewood avenue. Places were arranged at a lovely table for ten members of the family and friends. A large wedding cake and beautiful cut flowers were used as the attractive centerpiece and embellishments.

Later in the evening Mr. and Mrs. Stevenson departed on a motor trip to the Great Lakes. Early next week they will take up residence at 32 Summit street, Niles, O., where the bridegroom is employed.

MRS. CLEM KERR

HONORED AT SHOWER

Mrs. Clem Kerr, the former Miss Laney Tewell, was honored at a miscellaneous shower Wednesday night at the home of Miss Floy Owens, 501 North Cedar street.

An assortment of lovely gifts was presented to the recent bride at the conclusion of a very delicious lunch served by Miss Owens, with Miss Mary Tewell assisting.

The table was tastefully decorated by white, yellow and orange chrysanthemums, and clever favors designated each place.

It was a very pleasant evening for all the young women and an opportunity for the hostess and friends to convey their best wishes to Mrs. Kerr.

ANNIVERSARY FOR

REVIEW 98 MEMBERS

Review 98, Women's Benefit Association, had a very successful anniversary party Wednesday evening in Clendenin hall. A short business session was conducted by the president, Miss Anna Patterson, and at this time Miss Jessie Harper, captain, and her guard team staged a very attractive bit of floor work and drill tactics.

Following, members joined in an entertaining game of 500 and bingo. Prizes for bingo were awarded to Miss Anna Rae, Mrs. Jessie Crooks and Mrs. Gertrude Morrison. Prizes in 500 were awarded to Mrs. George Fisher and Mrs. Clyde Thomas.

A delicious buffet luncheon was served, the guests seating themselves about a table beautifully decorated in rainbow colors significant of the Women's Benefit Association. One special guest, Mrs. Jennie Fleming of Santa Ana, Calif., was present. A birthday cake of large proportions graced the center of the table, and a very enjoyable evening was shared.

R. and R. Club

Mrs. Harold Brown of East Long avenue, entertained members of the R. and R. club in her home Wednesday evening informally at cards. Two tables of 500 were in play, with Mrs. Wesley Wolf and Mrs. Paul Beynon winning the awards.

Hallowe'en appointments prevailed in the table decorations where a menu was served later in the evening. The hostess was assisted by Mrs. Allan McKissick, a special guest.

On Wednesday, November 4, Mrs. Paul Beynon of Pennsylvania avenue will receive members.

PATTERSON-KAY WEDDING EVENT

At a pretty home ceremony Wednesday morning at 10:30, Pearl Jeanne Patterson, daughter of Mr. and Mrs. Silas E. Patterson of Delaware avenue, became the bride of Charles Mitchell Kay, son of Mr. and Mrs. David H. Kay of Fairfield avenue.

Preceding the ceremony, which was performed by the Rev. Father William F. Galvin of St. Mary's parish, a lovely program of nuptial melodies was played by Mrs. J. L. Reed.

The bride, descending the stairway with her father, was preceded by her matron of honor, Mrs. John Edward Patterson, a sister-in-law. Wearing a wedding gown of bridal satin, styled on princess lines, with Queen Anne collar and long train, the bride was lovely. She wore a tulle veil with a headpiece of pearls, and her flowers were white roses, lilies of the valley and baby mums.

The matron of honor chose a rose crepe ensemble and carried a bouquet of briarcliff roses. The bridal party stood before an improvised altar of palms, ferns, huge Jane Cowl dahlias and white chrysanthemums. The groom's attendant was Charles Fitzwillson of Pittsburgh, a former classmate at Carnegie Institute of Technology, where the groom was recently graduated from the school of metallurgy.

Mrs. Patterson was costumed in a rust colored gown with a corsage of Talisman roses and baby mums, while Mrs. Kay wore a spruce green gown with brown accessories and a corsage of tea rosebuds with baby mums.

At the New Castle Field club, where the wedding breakfast was served, appointments were carried out in pretty flowers combined with bridal white.

In the afternoon the newlyweds departed on an eastern honeymoon, the bride for travel wearing a tailored outfit of elegant red velvet with gray accessories. Returning, they will reside in Donora, Pa., where the groom is connected with the American Steel and Wire company. He is a member of Phi Kappa fraternity.

Both Mr. and Mrs. Kay are popular in the young social set in New Castle, the new Mrs. Kay being feted at a round of lovely parties previous to her marriage.

Out-of-town guests here yesterday were: Mrs. George Phillips, Mrs. Maurice Harwood, Miss Natalie Brown, Mr. and Mrs. Robert Frazier, Charles Fitzwillson, Pittsburgh; Mrs. R. Rankin, Sharon; Mr. and Mrs. Frank Blakely, Grove City; David Hayes, Erie; Mr. Chester McCrum and daughter Adalaide, New Wilmington.

RE-DELTA DECK CLUB GUESTS WEDNESDAY EVE

The home of Miss Laine Neimi, Pearl street, was the scene of a delightfully informal event Wednesday evening, when she entertained the Re-Delta Deck club members at cards. Lovely trophies were carried off by Margaret Davis and Mrs. Charles P. Walther for winning honors in the bridge contest.

During the business period, the group welcomed two new members into the organization, Misses Pauline McIlhatton and Margaret Davis. Lunch was served afterwards, the hostess being aided by Juliana Mackey with the dainty collation. Miss Mackey invited members to her home on North Mercer street Wednesday evening, November 4.

Capsule Friend Club

Capsule Friend club met at the home of Mrs. Mack Dornick of West Wabash avenue recently.

Cards and music were the chief pastimes and a delightful lunch was served by the hostess, assisted by Mrs. G. D. Rainey. The table was decorated in Hallowe'en suggestions. October 29, Mrs. T. Roman of North Cedar street, will entertain the members at her home in the form of a Hallowe'en party.

GUEST DAY EVENT AT WETTICH HOME

Guest Day of the Conservation department of the Woman's club was observed Wednesday afternoon in the most attractive home of Mrs. Charles W. Wettich, on Edison avenue, with 40 being present.

The home was artistically decorated for the occasion with autumn flowers in all the gorgeous shades, proving a most appropriate setting for a Conservation gathering. Presiding as chairman of the department was Mrs. Harold R. McCulloch.

R. D. Tonkin, of Tyrone, who by the way is a brother of Mrs. D. C. Schnebly, of the Seventh ward, was the guest of honor and speaker for the afternoon. His talk was along the line of conservation stressing fire prevention, and advocating the restraint of flood waters at their sources as the best method of flood prevention.

Pertinent remarks were heard from Mrs. William Howley and Mrs. W. C. Eckenrood of the Lawrence County Garden club and Forum.

Teatime was especially inviting, the dining room being abloom with flowers. Mrs. Harry L. Gormley, president of the Woman's club, and Mrs. W. C. Eckenrood poured and the co-hostesses were Mrs. Ben Agnew, Mrs. Walter DeArment, Mrs. F. F. Urey and Mrs. Ralph Wettich.

Before the delightful event was concluded, the hostess invited her guests to view the beautiful gardens about her home. A second invitation was extended by Mrs. Fred L. Rentz to visit hers, adjoining, so that the Conservation group yesterday, really launched its first meeting for the year most enjoyably and successfully.

CHAPTER 105 O. E. S. CARD PARTY SUCCESS

In the West dining room of the Cathedral Wednesday evening, a congenial crowd assembled for a card party under auspices of New Castle chapter 105, Mrs. Margaret Wheldon, worthy matron.

Twenty six tables were used for the games which included contract, at which Mrs. Fred Sontum won the smart favor; auction, Mrs. J. A. Brown, winner, 500 Mrs. Carl Gaston; and bingo, Mrs. Florence Campbell. The handsome door prize was awarded to Mrs. Fred Alexander.

Credit for the very successful affair, which was numbered among the successful and delightful parties of the early autumn, reflects upon the committee supervising it. The general chairman was Mrs. Eourouth Headland, and she had the hearty co-operation of the worthy matron, Mrs. Wheldon, the chairman of the entertainment committee, Mrs. Bessie Coates Pitzer, together with a capable committee consisting of Mr. and Mrs. Henry Jackson, Mr. and Mrs. William Lohman, Mesdames Florence De Vassie, Florence Long, Mary Buzard, Helen Wilson, Jennie Martin, Fern Simons, Gertrude Fink and Elsie Johnston.

The next social affair planned for Chapter 105 and friends will be unusual, in that it will be in the nature of a Puritan musical-tea party. This will take place on Monday evening, November 9, in the East lodge room.

Mrs. Kathryn Nessel Allen will be in charge of the music, assisted by Mrs. Bessie Coates Pitzer, chairman entertainment, and a committee from the educational loan, for which fund, the benefit will be held.

JEDEMA CLUB GIRLS OPEN FALL SEASON

Opening their fall period of activities, Jedema club members met Wednesday evening with Mildred Crabill on Mahoning road at their first assembly. Cards held sway, prizes going to Edie Crabill and Mrs. Wayne Harper.

A table set with gay fiesta ware with a centerpiece of fall flowers formed a colorful arrangement for the serving of lunch at the close of the evening.

Jane Horchler, of Mahoning road, will entertain members on Wednesday, November 4.

This evening, Mrs. J. C. Carr is entertaining members of the West Side club in her home on West Washington street.

LOVALON

—a Fountain of Youth for HAIR

Mrs. J. L. Acun spoke of the work which the club will have done in the park on Liberty street. The entrance will be beautified by a planting of shrubbery under the direction of Owen P. Fox, city forester.

A committee was appointed to have an exhibit at the Bird Show which will be held on Friday and Saturday, October 23-24 in Orr's hall. Mrs. R. N. Neale, Mrs. William Wallace and Mrs. C. H. Clark comprise this group.

On the nominating committee named are: Mrs. W. H. Leicht, Mrs. D. C. Schnebly, Mrs. George Horchler. During the meeting Mrs. Neale who has a lovely place at Walnut Glen, distributed seedlings.

Previous to last night's program, the club assembled at 6:30 for a tasty buffet supper. Table decorations were cosmo, fresh, clean and especially large this late in the year, most attractive. Numerous bouquets of flowers were about the home and still other flowers of interest displayed were new chrysanthemums, all colors, by Mrs. Neale.

For the next meeting November 17, the hostess will be Mrs. George Cook, of Newell avenue. This will be at 7:30 in the evening, the time having been changed, now that the days are longer.

HARLEY LITTLER AT MAHONINGTOWN CLUB

Having charge of the program for the October meeting of the Mahoning Garden club Tuesday evening with Mrs. C. H. Clark, Mt. Jackson road, Mrs. E. C. Hulbert provided a most interesting "mystery program" when she introduced as the guest speaker, Harley M. Littler.

Mr. Littler is coach and athletic director at the East Youngstown high school, and has just returned from a trip to Europe which he described in pleasing fashion. He told particularly of the gardens in many beauty spots abroad, mentioning especially the formal gardens at Versailles, the Palace gardens in Vienna, and other beautiful gardens on St. Margaret's Island, Budapest.

He also told of a trip down one of the best and quaint houses all of which had colorful window boxes which made them notably attractive to the passers-by. Gardens in England made up another part of his recital and he concluded by giving highlights of the Olympic games in Berlin.

Altogether his talk was one of the best ever heard by the Garden club and the members all expressed keen appreciation to Mr. Littler afterwards.

Roll call was answered by naming blue flowers of distinction, and there was a splendid paper by Mrs. George Horchler on "Flowers and Their Use in the Home". As she had with her many beautiful illustrations, this part of the program was also most enjoyable.

In the absence of the president, Mrs. Richard Cooper, Mrs. W. H. Mauermann had charge of the business session at which reports were heard and new business matters transacted.

Mrs. W. C. Patterson reported the completion of the garden project in Mahoningtown school which was successful beyond expectations. As this was the first year the club has sponsored this phase of work in the school, they felt well repaid for the efforts extended by the enthusiasm and co-operation evidenced by the children.

Mr. J. L. Acun spoke of the work which the club will have done in the park on Liberty street. The entrance will be beautified by a planting of shrubbery under the direction of Owen P. Fox, city forester.

BEUNAS AMIGAS CLUB GUESTS DOWNTOWN

Miss Margaret Laurel was hostess to members of the Beunas Amigas club associates Wednesday evening at a downtown tea room having as special guests, Mrs. Hugh Smith, of Butler, Pa., and Mrs. Harold McCarty, of this city.

Cards interested the group the earlier part of the leisure period, prizes being captured by Mrs. Hazel Houston and Mrs. Jack Leonardson. The guest award fell to Mrs. Hugh Smith. Lunch was served afterwards.

Mrs. Beulah Henicheck, of Butler, Pa., will be hostess at her home on Wednesday, November 4.

DINNER-PARTY FOR HARRY WILLIAMS

Wednesday evening a group of friends gathered in the home of Mr. and Mrs. James Hagan, West Grant street, for a farewell dinner party in honor of Harry Williams, who will leave for his home in San Francisco during the early part of next week.

Promptly at 6:30 Mrs. Hagan, assisted by her daughter Roseanna, served a most delicious dinner. The evening hours were spent in informal chat and musical entertainment.

Two out of town guests were present. Mr. and Mrs. John McGrath of Youngstown, Mr. Williams visits in New Castle every year and has a host of friends in this vicinity. He has been here now for the past four months and expects to return to San Francisco about Monday or Tuesday, of next week.

M. And M. Club

Members of the M. and M. club met with Mrs. Daniel Richards, Winslow avenue Tuesday evening, for their usual informal social period. Bingo was played, with Mrs. Paul Siler and Mrs. Ike Fletcher receiving the awards. A dainty Hallowe'en lunch was enjoyed by candle light, as the concluding feature.

On Tuesday, October 27, Mrs. W. C. Spear of Pearson street, will entertain.

SHOWER HONORS MRS. WILLIAM BAIR

Another enjoyable post-nuptial courtesy club offered Mrs. Howard Bair Jr., the former Betty Keeley, Wednesday evening, when a group of 30 neighbors completely surprised the bride as she arrived at the home of Mrs. Harold Swisher, on the Mt. Jackson road, to spend the evening.

The affair was a shower, the bride's gifts being beautiful. Opening them provided pleasure for a time, and later games were played and lunch served. Assisting in the serving were Mrs. Davies, Mrs. Culbertson and Mrs. Howard.

LONDON BRIDGE CLUB HONORS RECENT BRIDE

Cards filled the hours for London Bridge club members Wednesday evening in the home of Agnes Schuler, West Washington street, who entertained in a pleasing manner. Prizes were captured by Helen Carpenter, Jane Davis and Mrs. Mary Holmes.

A special feature was the presenting of a lovely gift to one of their number, Mrs. Robert Campbell, nee Theresa Critchlow, a bride of recent date, in behalf of the assembly.

After partaking of a tempting repast served by the hostess with Mrs. Holmes assisting, they planned to meet again on November 11 with Ann Raymond, Kerr street.

YOUR HOME LOAN

Should Be A Safe Loan

Your loan should have no recurring commissions and renewal costs. It should be amortized to be repaid with interest, like rent. A mortgage loan that eats endless interest and must be renewed every few years or repaid in lump sums is not a safe loan.

Before choosing a loan to help build, buy, refinance or remodel your home, it will be to your interest to get the facts regarding our safe and sound home loan plan. With our Direct-Reduction plan, you gradually kill off the loan with monthly payments like rent, with steadily decreasing interest charges. LIGHT ON THE THRONE

EDWARD VIII of England is learning early in his regime that it is indeed a bright light that beats upon a throne. One of the characteristics of the new ruler of the great empire upon which the sun never sets is a determination to live his own life, regardless of tradition, the responsibilities of high position and even the requirements of conventionality.

It is far easier to do this while an heir-apparent to a crown than it is while the actual head of government. Yet, the young man is apparently determined that the altered circumstances of his life shall not subject him rigidly to the restrictions imposed by public opinion. The resultant state of affairs intrigues the interest of millions and adds to the spice of life. Also, it provides material for the historians of the future, some of the same threads from which much of the fabric of history has been woven throughout the ages.

SKIP-STOP FOR PRESIDENTS

Cuba, newly freed of every vestige of American supervision by our abrogation of the Platt amendment, is contemplating a new constitution. Not the least interesting feature is a four-year presidential term, with the outgoing executive denied the right to be again an aspirant for the office until eight years have intervened.

In one respect the Cuban plan, which already has passed the house, subject to the possibility of a few minor amendments, looks to Europe rather than to America. That is in making an appointive cabinet responsible to congress. Failure of the cabinet to get a vote of confidence would compel its resignation in a body. The Cuban plan, however, goes farther in this, in that it is stipulated a majority of the cabinet shall be active members of congress. Such a meshing of the legislative and executive branches is, of course, utterly foreign to the governmental concepts of our own founding fathers. That does not mean, though that it could not be made to work in a nation of different temperament.

With all the latitude congress would give itself, it yet submits to one hobble: While it may oust a cabinet on a vote of lack of confidence, that vote cannot be taken until that body has had six months in office to justify its record. In the light of recent history six months is a long time, as time is recorded in Cuba. It would be interesting to see such a constitution operated without any impediment caused by resort to force to bolster personal and group aspirations to power.

FLASKS AND FOOTBALL

An earnest invitation to refrain from drinking at Princeton's football games has been extended by Dr. Harold W. Dodds, president of the university, in a letter addressed to all ticket holders for next Saturday's game. It is reasonable to expect that many, but not all, will take it as seriously as it deserves.

Dr. Dodds' plea is for better manners. Something is due from the spectators to the school which entertains them. Something more is due to other spectators who dislike keeping company with ostentatious drinking at a football game. Something is due to the spirit of sportsmanship, which ought to be respected by those who profess devotion to the great game of collegiate football.

Dr. Dodds puts the blame for promiscuous drinking and other offenses on our national bad manners. "American mass manners leave much to be desired," he says, and the worst offenders are the "flask-toters and alcoholic partisans" who attend football games. This may be one of the penalties and embarrassments brought about by the exploitation of collegiate football as public entertainment. And because a football game between Princeton and the Navy is public entertainment, it is nearly impossible to make and enforce rules for the behavior of the crowd which attends it. About all that can be done about it is to make a plea for better manners and hope for the best.

HIGH TAXES AND THE HOSPITALS

The annual clinical congress of the American College of Surgeons, meeting in Philadelphia, is proving productive, as usual, of expositions of new discoveries or improved technique in dealing with ills calling for surgical care.

But the modern surgeon's interest is not confined to the consulting and operating rooms. He is concerned with whatever social or even political development may affect the progress of surgery and medicine.

The American College of Surgeons during the past quarter of a century has performed a notable service in raising the standard of hospital efficiency in this country and its cachet is highly prized. It was fitting, therefore, that Dr. Frank E. Adair of the Memorial hospital in New York City should have called the attention of his colleagues to the relation between the greatly increased estate taxes and the serious reduction in donations to the hospitals by public-spirited citizens.

This increased burden of taxes is largely responsible, in Dr. Adair's opinion, for the financial difficulties which now beset so many of our hospitals and other charitable institutions. The codicil to the will of the late Jesse Isidor Straus, revoking \$1,000,000 of bequests to hospitals and charities, was cited as only one of many cases in point.

Anything having to do with the stability of hospital income, he says, has both a direct and indirect influence on the work of the surgeon. Generously minded citizens of means feel that in justice to their families they can not entail the risk involved in liberal giving today. The same condition applies to our universities and colleges. And it will not be remedied until an extravagant administration at Washington is replaced by one devoted to economy and the lightening of the tax burden which new deal spenders have imposed on the people.

Colonel Lindbergh will return shortly if satisfied he can escape publicity. There should be no difficulty on this score while the campaign, Mrs. Simpson and the football season continue to occupy the public mind.

When Rich Men Die.
It Will Be The Worst.
Helen Keller's Teacher.
When Meteors Fall
By ARTHUR BRISBANE

IN PHILADELPHIA the American College of Surgeons fears rich men hereafter will contribute less freely to hospitals, medical research and other useful enterprises. They will for two reasons: there are fewer of them, and taxes are higher.

Recently, when a public spirited merchant died in New York, his will showed that at the last moment he struck out bequests amounting to almost a million dollars for education, charity, etc.

Successful men, taxed very heavily while they live, with half or more of what is left absorbed by inheritance taxes after they die, can hardly be expected to overlook the rights of their children, to help strangers.

IT MAY BE that the government feels able to use their money more wisely than they would use it. It may be that "sweet reasonableness" even in taxation during life, and after death, would be profitable.

The old barons came down from their castles, pounced on merchants' caravans, taking part. The wise baron left the merchant enough to make it worth his while to continue working, as small boys, collecting eggs, usually leave one egg in the nest to encourage the bird to lay more.

A system taking from the successful man 60 per cent of what he earns when he earns it and when he lies in the coffin taking 60 per cent of what he has left, if anything, that might discourage enterprise.

YOUR OWN NORTH STAR

You look up from the warm, dark earth and search in the great tangle of stars for one familiar constellation.

There is no moon to dim those myriad points of light. You can see them all in the luminous night. There lies the Milky Way across your heaven. There shine the Seven Sisters, though you may not be able to count them all. There's a red star and a blue star and a green one, but you seek the Giant Dipper that hangs above this little earth.

You find it. First the handle with its three stars—Betelgeuse and Mizar and Alkoth—then the Dipper itself, and Megrez, Phaed, Merak and Dubhe. And you sight along those two lower stars, Merak and Dubhe, and leap into the spaces and come to the steady North Star that is the end of your quest.

That's the only way I can find the good North Star. I seek the Dipper and I find Merak and Dubhe, and from them I find the star that counts most, that tells me my way and has brought so many a sailor out of storm and into his home port at last.

There are so many stars, there are so many little points of light; there is so much advice and so many theories about how a man should live and the way he should go, and though he have a North Star in his own breast, it is sometimes so dim that, with all his wayward searching, he cannot always find it surely.

He needs those two other points to sight his soul upon. In the heavens are Merak and Dubhe. In himself there must be Courage and Wisdom. Or Faith and Patience. Or Strength and Understanding, or Kindness.

I do not know which two of these seven qualities are the Pointers that a man needs most if he is to come at last to his own North Star, but I am sure that they are among these seven points of light—and that two of these point straight to the sturdy Truth he is so bent on finding.

Grant Proves Weak Leader.
Scandals Break During Term.
"Black Friday" Occurs In Term.

By LESLIE EICHEL
Central Press Staff Writer

GREAT SCANDALS broke during the first Grant term, and there was a voluble uprising against the warrior-hero-president in 1872 election year, but he was able to win out.

Grant was a peculiarly inept man as president. The harm he did to the United States during those post-war reconstruction years, when problems called for the greatest statesmen the nation could produce, is virtually incalculable.

When General Grant took office congress still was in the power of the dominant group which insisted upon vengeance against the south. And the south, smarting under the heel of the conqueror, began secret resistance. Organizations with mysterious rites were formed. Chief of these was the group calling itself Kuklos, Greek for the circle. Kuklos became the Ku Klux Klan, which grew into an "invisible empire." Even stronger, but less active in their deeds of mystery, were The Knights of the White Camelia. Then there were, too, the White Brotherhood, Pale Faces and Constitutional Union Grads.

Given drastic powers by congress—far too drastic to bring about understanding and compromise—President Grant acted as a soldier would act, in October, 1871, to crush this secret resistance. And the wounds grew deeper, instead of healing.

"BLACK FRIDAY"

But, worst of all, General Grant was unable to cope with post-war speculation and inflation—and depression in the usual cycle. And the official family in those days of wild speculation and ill-gotten gains.

In 1869, a small group of brokers in New York, headed by Smith, Gould, Martin & Co., tried to corner the gold market. Business came to a complete stop. And on "Black Friday"—Sept. 24, 1869—the crash arrived. It mattered not that there were abundant crops or that rapidly increasing population meant increased demand for goods. The business of the nation was paralyzed. And a bluff soldier, who understood little concerning economic forces and social readjustments, sat in the White House.

SCANDAL

Scandals broke in high places. Professor Charles A. Beard, in his "The Rise of American Civilization," gives this account:

"After Jay Gould and Jim Fisk attempted to corner the gold market and brought about the financial crash of Black Friday, in 1869, an investigating committee reported that President Grant's brother-in-law, a notorious speculator, had maintained a curious subterranean connection between the government and the conspirators. No one questioned for a moment the personal honesty of the president in the matter, but he had undoubtedly been exploited in the operation. At all events, a few days before the grand 'killing,' the general and his wife had been taken by principals in the transaction to see Offenbach's 'La Perle' at the Fifth Avenue theatre in New York, thus impressing intended victims by their access to the presence of the mighty."

"Three years later came the unsavory exposure of the Credit Mobilier, which involved many Republican congressmen of good standing. Though the curtain was drawn in decent decency, an inquiry revealed the vice president of the United States as a man who had sworn falsely to conceal improprieties."

MORE
Professor Beard adds: "Before another year elapsed, the

most brilliant party leader of his era, James G. Blaine, was openly accused by the Springfield (Mass.) Republican of using his powers in congress to favor high tariffs and railway corporations in return for monetary considerations.

"After ignoring the charge for a time, Blaine finally took notice of it, securing at the hands of a congressional committee an official examination conducted according to use and wont. This inquiry failed to disclose corrupt actions on the part of the accused; but Blaine, besides exhibiting during the furore of the hearing a bearing that was not conspicuous for candor and sincerity, told, as the record showed, that he seized a collection of papers, known as the Mulligan letters, which, it was alleged, contained incriminating statements from his own pen and, after reading in congress what purported to be certain extracts from these documents, declined to show the actual dossier to the investigating committee."

PRESIDENT'S SECRETARY

Professor Beard continues: "The Blaine incident had not yet closed when the secretary of the treasury unearthed frauds in the collection of internal revenues from certain distilleries, revealing in the operation a 'whiskey ring' composed in part of high politicians thriving

The World AND THE Mud Puddles

CLOVERDALE

The cities of Southern California have had ambitious chambers of commerce since the season and out of season, they have advertised the beauties of Southern California in public prints of the East, and in magazines and newspapers. They have done everything possible to attract people to their cities. The result has been a very undesirable citizenry have come—some rascals, some down-and-outers, some tramps, who expected to find easy living, some artists who believed they could get more for their work in Southern California than elsewhere. They were also comparatively few desirable have come. Now cities like Los Angeles are paying the penalty, with several hundred thousands of citizens on relief.

Northern California has done no advertising. They only want workers or men with capital with which to work and a very extreme example of a town that does not care to have any but the most desirable citizens, is Cloverdale, in Northern California, on the Redwood highway.

Cloverdale does not desire any citizens who want to enter any kind of manufacturing business. They want no slums that often follow in the wake of manufacturing industries. They have no chamber of commerce, but they have an association of citizens, who own all of the vacant land in and about Cloverdale.

Hull To Visit South America

Cultivation Of Latin-American Countries May Prove Beneficial To Trade

TREATMENT HAS BEEN BRUSQUE

Central Press

By CHARLES P. STEWART
Central Press Staff Writer

WASHINGTON, Oct. 22.—The proposed trip of Secretary of State Cordell Hull down the South American coast as far as Buenos Aires, with several stops on the way, is in line with a highly commendable policy looking toward closer relations between the new world republics.

The plan will work if followed up, and the United States (which must take the initiative) has been doing an excellent job of following it in recent years.

The Latin American countries can't be blamed for regarding the "northern colossus" as potentially a dangerous neighbor, which must be extra-diplomatic in all its intercourse with them to avoid wounding their sensibilities. One of their number can even take a snappish tone in addressing Uncle Sam, and it does not amount to much; it is like a pigmy "sassing" a giant. The giant can afford to laugh. "Sassed" by a giant, a pigmy's only recourse is impotent rage. Impotent rage isn't physically dangerous, but it is bad for trade.

"LAST FRONTIER"

South American possibilities should be valuable to the United States. The southern continent is the world's last frontier. Frontier development is profitable, and Uncle Sam can make the job his own, if he'll be adaptable.

Uncle Samuel hasn't been Latin Americanly adaptable in the past;

he's been peremptory, if not outright bullying.

As late as Woodrow Wilson's day he was dictatorial to the Latins. Under Presidents Harding and Coolidge conditions did not improve, if they got no worse.

There WAS an improvement, under President Hoover.

President Hoover's intentions, in his dealings with the southern folk, were all right and the Latins so recognized them. His weakness was that he had not the gift for polite palaver, which is dear to their hearts. He mollified them somewhat, in comparison with what had gone before, but he did not warm to his administration; it was not cordial enough.

F. D. R. SYMPATHETIC

The Roosevelt administration has been, in its relationships with the Latins, what they call "sympathetic,"—sympathetic; understanding.

This cannot be overemphasized. The Latin American resents nothing more than the "take it or leave it" attitude. Brusqueness infuriates him. He will bargain, and, maybe, finally agree to the opposition bargainer's terms, but he wants the privilege of bargaining. He also wants to be bargained with politely.

North American business apparently never has been able to sense this.

SOME EXCEPTIONS

There are exceptions.

The International Harvester company and the Singer Sewing Machine company, illustratively have branch offices in Latin America which understand the Latin Americans as well as the Latin Americans understand themselves.

But that is not the rule.

North American banking, in particular, has been especially anti-"sympathetic" in its South American dealings. It is not so much that it has been bad banking; it has been unceremonious in a part of the world where ceremony is as much a part of business as business itself.

Consequently English and German and Italian and French and other European bankers have controlled business which American bankers, with a little more courtesy, might have had.

A HARMFUL TARIFF

Tariffs enter into the equation.

For example, when I first lived in the Argentine, the republic exported all its hides to be manufactured into shoes, which I bought from the United States, imported into Argentina. By the time I left Buenos Aires six years later, North American import taxes on hides were so high that Argentina had created its home manufacturing industry, and I bought my shoes right there—home-made.

They were not so good as American-made shoes, but they were better, as to price, than shoes plus a couple of taxes.

Hallowe'en Hike At Westminster

Will Take Place October 27—Being Arranged By Women's A. A.

(Special To The News)

NEW WILMINGTON, Oct. 22.—Two major events have been scheduled by the Women's Athletic Association of Westminster college, under the presidency of Mary Jane Metzler, New Castle. The first is a Hallowe'en hike the evening of October 27; and the other is a square dance scheduled for Nov. 21.

The Hallowe'en hike is an annual affair, in the College woods. In charge of the outing will be June Teachout, Ashtabula, O., assisted by Erma Paden, Poland, O.; Betty Sloan, West View; Louise Jamieson, Irwin; Virginia Mack, Leechburg; and Dorothy Robins, New Wilmington.

The square dance will supplant the WAA carnival, formerly an annual event. Miss Frances Craig, director of women's physical education, will supervise the square dance; and teach lead steps in regular gym classes. In charge of the affair will be Clara Brown, Harrisville; assisted by Billy Lorimer, West Alexander, music; Margaret Sloan, Ashtabula, decorations; Suzanne Irons, Beaver, advertising; Erma Paden, Poland, O., refreshments; and Mary Boyd, Wilkesburg, tickets.

on profits derived from that form of economic endeavor.

"Additional inquiries made with the aid of the attorney general led quickly to the door of President Grant's private secretary, arousing the general once more to military wrath. When his secretary was brought to trial, the president voluntarily intervened to give testimony, swearing that he had never seen anything in the conduct of his friend which indicated any connection with the 'whiskey ring' and declaring that he had 'great confidence' in the integrity and efficiency of his assistant. In the end, although a few of the participants in the fraud were duly convicted and duly pardoned, Grant's secretary, sustained by high authority, was adjudged innocent and restored to his position."

"But the respite was short, for into that privacy the scorn of the public penetrated, forcing the president's trusted servant to resign at last. Even in such an extremity, Grant's faith remained unshaken. Nor did it fail later when the hunted man was indicted for an alleged connection with plans for breaking open a safe and getting possession of incriminating documents."

GREELEY DEFEATED

Disinherited by the scandals and the maladministration, liberal Republi-

cans began to talk of a new party. The movement began under the leadership of Senator Carl Schurz and Benjamin Gratz Brown, soldier, editor, governor of Missouri. Horace Greeley, trenchant New York editor, joined the group. They held a national convention in May, 1872, in Cincinnati, and nominated Mr. Greeley for president and Mr. Brown for vice president.

The disorganized Democrats, meeting in Baltimore in July, accepted the same platform and the same candidates.

The regular Republicans, powerfully organized, and with business interests solidly on their side, re-elected President Grant with an overwhelming majority in the electoral college—286 to 63.

Greeley, broken in health, died on Nov. 29, 1872, a few weeks after the election. The liberal Republicans were completely crushed.

dale and wishes to buy any land, they want to know to what use he is going to put it; they want to know who he is; what are his political ideas; what are his business instincts; in other words, they want nothing but a good citizen and if this would-be purchaser does not measure fully up to their requirements, they say, "Nothing doing, we have no land to sell."

As a result, Cloverdale is a beautiful village of about one thousand people, very attractive homes, churches, stores and other places of business. The population is all self-supporting. There is no manufacturing of any kind, of course, within its precincts, and everybody seems happy and contented.

The citizens of Cloverdale, however, were very much startled this fall to find that two persons had registered as Communists and they immediately took action. These two undesirables are not now living in Cloverdale.

Nazi Germany are secretly supporting the Spanish insurgents in spite of the non-intervention pledge. Russia plans real help for the Madrid government.

One Labor member of Parliament urges Premier Baldwin to invoke Parliament at once and let people know the worst. If war comes it will surely be "the worst."

PRESIDENT MANUEL QUEZON says the free and independent Philippines will have no trouble with Japan, "because we are not going to give Japan cause to interfere; we will maintain peace, order and justice."

Excellent resolution, but the Philippine Islands have rich territory, rich lands, useful laborers, above all they possess oil and gold. The last two are sufficient "cause to interfere."

Ask the South African Boers, if any are left. They gave no "cause to interfere," but they had gold, diamonds and valuable lands, and you know what happened when England marched in.

The wolf, in the fable that wanted to eat the peaceful lamb, found reasons for it, easily.

SOMEbody SAID, "Give light and the people will find their own way." D'Annunzio quoted it, and it is true. If you give light people will find their own way, but unless they have knowledge, in addition to light, they may not choose the right way, even when they see it.

Mrs. Anne Sullivan Macy, dead at 70 years of age, was one of those that give light, in the best sense of the word. For 49 years she was the companion of Helen Keller, to whom she gave the light of understanding, and of speech.

HELEN KELLER, born blind and deaf, was dumb, although her organs of speech were present. We utter speech in childhood because we hear it; Helen Keller, unable to hear, could not speak; blind, she could not watch the lips of speakers. With infinite patience, year after year, her teacher who has just died found a way to carry the light of knowledge and hope into the mind so hideously handicapped.

She taught Helen Keller by placing her fingers on the lips of her teacher to utter the sounds of speech, and to read raised letters, performing a real miracle of achievement and devotion. Thanks to her teacher, Helen Keller, apparently condemned to eternal darkness and ignorance, became a woman of unusual mental ability.

Many fighting gentlemen have monuments that did not deserve them as well as Mrs. Anne Sullivan Macy would deserve the fine monument that she will probably not get. (Copyright, 1936, by King Features Syndicate Inc. International copyright and all other rights reserved.)

Lose Fat The Easy Way—Without Starvation Diets, or Back-Breaking, Bending and Rolling Exercises.

There is no mystery about this method. Doctors have been prescribing it for years. It is based on a scientific discovery of the medical profession that excess fat in many cases is caused by a little gland that does not work well.

Every drop of our blood goes through this tiny gland sixteen times a day. It produces about one and one-half drops of vital fluid every 24 hours. The action of this fluid on the blood is much the same as the action of a good draft has on the burning of coal in a furnace. It turns on the "draft" that increases the speed with which food and fatty tissues "burn up."

If this gland doesn't pour out about one and one-half drops of its vital fluid a day, many people take on fat.

TWO CLASSES JOIN IN HALLOWEEN PARTY

Members of the A. B. C. class and Mrs. Frank Hoover's class of the First Christian church joined Wednesday evening in the parlor of the church, for a social time in the form of a Halloween party.

During the evening many enjoyable games were played, prizes being awarded to Jim Hoover and Ray Coates. Many other interesting diversions were used to while away the hours in a pleasing manner, and later the girls of the A. B. C. class under the direction of Mrs. Merrill Cadwell, served a dainty repast.

A particularly interesting feature was a tour of the church, the group wending its way up through the tower and on up to the large clock. The mechanism of the clock was explained in detail, before the descent was begun.

DEPARTMENT PRESIDENT VISITS G. A. R. LADIES

At their meeting Tuesday in Modern Woodman hall, G. A. R. Ladies honored by a visit from their department president, Anna Good, of Williamsport, and two members from Pittsburgh, Mrs. Nicklin and Mrs. Woodring.

Routine business claimed attention when plans were made for an all day quilting on next Tuesday, at the same place. For luncheon at 12 yesterday, covers were arranged for 18 guests.

1923 S. L. Club

Mrs. James McGivern was a gracious hostess Wednesday evening to associates in the 1923 S. L. club, at her home on Summer avenue.

After the business session, cards were in vogue, the favors going to Mrs. Charles Dean and Mrs. Frank Zimmerman. Refreshments were served, the hostess' daughter, Teresa, assisting.

In a fortnight, Mrs. P. Capitola will entertain at her home on Leasure avenue.

The gay Halloween spirit reigned at the regular meeting of the Slippery Rock Township Parent-Teacher association this week. A large crowd enjoyed the evening.

Mrs. Rose Ammons, Mrs. Pearl Morrison and Ashley Stevenson won prizes for the most attractive costumes. The evening was spent in playing games. Prizes in the competition went to Mrs. Florence Stevenson, Robert Allen, Frank Morrison and Mr. Mackey.

A brief business meeting was held with Ashley Stevenson, the president presiding. Committees made reports. Twelve new members were taken in. At a late hour a lunch was served to 75 members and guests.

Council To Meet Seventh Ward Body
Council convened in the city building today and granted the request of the Seventh Ward Civic club for a conference with council Tuesday afternoon. The meeting was requested by their representative, C. H. Coates. The time of meeting asked was 4 p. m. However, council set the time at 2 p. m.

RHEUMATIC PAIN GONE IN 48 HOURS

When you want to get rid of the pain and agony of rheumatism, neuritis or sciatica when that pain and agony is caused or aggravated by excess uric acid—and most of it is—you'll make no mistake when you take Allen's as directed—it's a powerful yet safe prescription—no opiates—using natural relief.

Often in 48 hours the pain and agony are gone—there's joy in life once more—sold by leading druggists all over America—just ask for 8 ounces prescription Allen's—costs about 85 cents.

BIRTHDAY PARTY

Mrs. Martha Cumming of Wood street, celebrated her 51st birthday on Tuesday, when a number of friends assembled in her honor at her home.

There were 18 guests, and the guest of honor received lovely gifts.

BIRTHDAY HONORED

Not many birthdays come like this one. James Full, son of Mrs. M. C. Fuller, of 211 Green street, was 20 years of age on Tuesday, October 20, and to observe the occasion, classmates at Howard University in Washington, D. C., sponsored a party for him.

He received many useful gifts, in addition to beautiful greeting cards from New Castle friends.

WILLING WORKERS CLUB

The Willing Workers club of the Bethel A. M. E. church has been organized by the pastor with the following staff of officers: Fred Wilkes, president; Tom Farrow, vice president; Leah Davidson, secretary; Jesse Gardner, treasurer; Anna Taylor, assistant secretary.

The object of the club is to clear the indebitness of the church and provide for improvements where they are needed. The first project will be a dollar rally terminating on Thanksgiving Day.

BIRTHS

Born to Mr. and Mrs. Mike Barlett, 1115 Pollock avenue, a daughter on Wednesday, October 21.

Mr. and Mrs. Frank Mailella, of 222 Pearson street, announce the arrival of a daughter in the New Castle hospital, Wednesday, October 21.

To Alkalize Acid Indigestion Away Fast

People Everywhere Are Adopting This Remarkable "Phillips' Way"

The way to gain almost incredibly quick relief, from stomach condition arising from overacidity, is to alkalize the stomach quickly with Phillips' Milk of Magnesia.

You take either two teaspoons of the liquid Phillips' after meals; or two Phillips' Milk of Magnesia Tablets. Almost instantly "acid indigestion" goes, gas from hyperacidity, "acid-headaches"—from overindulgence in food or smoking—and nausea are relieved. You feel made over; forget you have a stomach.

Try this Phillips' way if you have any acid stomach upsets. Get either the liquid "Phillips'" or the remarkable, new Phillips' Milk of Magnesia Tablets. Only 25¢ for a big box of tablets at drug stores.

ALSO IN TABLET FORM:
Each tiny tablet is the equivalent of a teaspoonful of gentle "Phillips'" Milk of Magnesia.

Former Local Man To Be In Council At Pittsburgh

Out of the shakedown in the Pittsburgh city council, due to the resignation of Mayor William M. McNaught, a former New Castle attorney, James L. O'Toole, was scheduled for a seat in the council, by election of that body.

Mr. O'Toole came to the Lawrence County bar after his admission to practice. For several years he practiced here in the office of Attorney John P. Lockhart. He moved to Pittsburgh and has been active in Democratic politics there. For a time he was internal revenue collector for this district but resigned to run for judge of Allegheny County.

Mary Pickford Denies Report Of Marriage Plans

(International News Service)
HOLLYWOOD, Oct. 22.—"We have no plans to be married," said Mary Pickford today when told that Charles ("Buddy") Rogers, film actor and orchestra leader, had remarked in Kansas City that he didn't expect to be a bachelor "very much longer."

"I don't believe he said it," asserted the blonde film star with whom his name has been linked romantically for many months. "It's so unlike him."

Miss Pickford expects to leave tomorrow for New York and London.

Flood Prevention Project Proposed

During council meeting at the city building today council authorized Mayor Charles E. McGrath to execute an agreement between the city and county whereby the WPA will put through a project at the Cherry street bridge in the Shenango river which the officials believe will aid in flood control. The city will furnish the engineering service and stone for the job. The work will be done by WPA employees.

Says Roosevelt Wants Return Of N. R. A. But Is Fearful Of The Issue

By KENNETH T. DOWNS
International News Service Staff Correspondent

NEW YORK, Oct. 22.—John D. M. Hamilton today charged that President Roosevelt desires the return of the N. R. A., but "doesn't dare make the issue."

"Of course he wants the N. R. A. back," the red-headed Republican national chairman declared explosively in answer to a question at a press conference here.

"I don't think there is any question about what he intends to do. But he doesn't dare make the issue."

"If he didn't want the N. R. A. back why does he keep Major Berry and a high priced staff down there in Washington working on it—at the expense of the taxpayers?"

"The president wants anything in the way of regimentation of labor and industry by agencies under his thumb."

Hamilton's declaration followed a comment on the recent speech by James Roosevelt in which the son of the president was quoted as saying that the administration plans to bring back the N. R. A., though he later denied having said this.

The Republican chairman's comment on James Roosevelt's speech was a Biblical quotation:

"Out of the mouths of babes and sucklings hast thou ordained strength because of thine enemies," Hamilton read the quotation, grinning, and said:

"That doesn't apply in President Roosevelt's case."

By implication, Hamilton accused James A. Farley with responsibility for refusing permits for a parade in Chicago for Alfred E. Smith today.

"It looks like the ramifications of the New Deal not only extend to some of the broadcasting companies, shutting off men like Vandenberg, but it also extends to the city of Chicago," he said.

"I understand that before Mayor Kelly refused the permit to parade, he consulted Mr. Farley about it. It was the first time I knew that the jurisdiction of the postmaster general extended to parades in Chicago. I don't understand the ramifications of the New Deal anyway."

"When you contrast the fact that they have refused to allow the friends of a man who was the governor of the state of New York and

LABOR SPLIT IS FINISH BATTLE

Final Wedge Of Dissension Is Hammered Home By A. F. Of L. Committee

(International News Service)
WASHINGTON, Oct. 22.—The American Federation of Labor today hammered home a final wedge of dissension between the craft union forces of its president, William Green, and the industrial union groups headed by John L. Lewis of the United Mine Workers.

The executive committee approved a report asking the A. F. of L. annual convention, which convenes November 16 in Tampa, Fla., to back it up in expelling the ten unions supporting Lewis. The council suspended the Lewis forces, but a two-thirds majority vote of the convention delegates is necessary to expel them.

This action cast the die for a fight to the finish between Green and Lewis, the old order and the new. Lewis is credited with putting Green where he is today. The solid front organized labor in America has maintained for half a century is split, and Lewis and Green, both one-time miners, are at each other's throat.

Expulsion of the ten unions now organized by Lewis as the committee for industrial organization, was regarded as inevitable today. Suspended, they will have no vote in the convention, and thus, Green will have little trouble mustering the necessary two-thirds majority of the voting delegates. But that will be only the beginning of the real fight.

BLAME WASTE AND OILY RAGS FOR FIRE DESTROYING SCHOOL

(International News Service)
PITTSBURGH, Oct. 22.—Waste and oily rags left behind by painters were blamed today for the fire which caused damage estimated at \$250,000 in the Henning sub-district high school at Braddock.

Discovered at 3 a. m. yesterday, the fire defied all efforts of the entire Braddock fire department for more than three hours before being brought under control. The first floor and basement of the two-story block-long building were destroyed.

Many Changes In Election Boards

Forty One Persons Ineligible To Serve On Boards In Mercer County

(Special To The News)
MERCER, Oct. 22.—A heavy casualty among Mercer county election officials is announced today by the county commissioners in making up the list for the election November 3. In a list given out today it is stated that 41 persons will be ineligible to serve on different boards because they hold public jobs of some sort, and this includes WPA employees.

Both major parties suffer almost equally in the check off and the list is made to cover clerks, who are not technically members of the election boards, but are named by the partisan inspectors and get the same pay as board members. There are five clerks in the list.

The state constitution provides that public employees and officials of all sorts are ineligible. The successors of those disqualified will be named by the court upon petitions of citizens of the effected districts.

Reduces Varicose or Swollen Veins

Simple Home Treatment Prove It At Small Cost

The world progresses. Today many minor ailments that took weeks to overcome can now be helped much more quickly. If you have varicose veins or bunions start today to bring them back to normal size and if you are wise you will do so.

Just get an original bottle of Moore's Emerald Oil at Eckerd's Drug Store, or any dispensing pharmacist and apply it night and morning to the enlarged veins. It is very powerful and penetrating, and only a little is required.

In a short time the veins should begin to grow smaller and by regular use soon approach normal.

People who want to reduce varicose veins or simple swellings should not hesitate to try a bottle at once. It is so penetrating and powerful that a small bottle lasts a long time.

Livestock Champs Bring Good Prices

Lawrence County Boy Who Had Reserved Champion Lamb Gets Good Price At Auction

Champion animals which were exhibited at the annual Fat Livestock show in Pittsburgh Tuesday, brought good prices. County Agent H. C. McCulloch stated today, on his return from the show.

The champion animals were auctioned off Wednesday, the grand champion lamb, owned by Roberta Tate of Mercer county, sister of the boy who won the event last year, receiving \$140 per pound for her lamb, which weighed 80 pounds.

The reserve grand champion, owned by Lloyd Moore of Plainville township, brought 55 cents per pound and weighed 95 pounds, netting its owner \$55.25.

The grand champion calf, shown by Robert Nixon of West Virginia, weighed 1040 pounds and brought 56 cents per pound.

NEW YORK, Oct. 22.—Football in the greater New York area never succeeds in being completely collegiate, although the students of the metropolitan colleges try hard. The pennant vendors and sellers of lapel insignia do a landoffice business, the cheer-leaders turn somersaults as neat as any executed in the Yale Bowl—but the atmosphere never quite jells.

The City filters through the cracks. Most people go to gridiron matches hereabout via subway and after the din of the underground a college yell rings hollow and effete in the ears. Hanging on a strap in a coonskin coat has an absurdity no amount of fervid spirit (hip and otherwise) can dispel.

Also, New Yorkers carry umbrellas to football games. And when the burnershoot, blossom in the stadium you feel somehow uncomfortable—that you are at a convention of Japanese tight-rope walkers rather than at an old-fashioned pigskin tussle.

Broadway has returned to its first nights at slightly fabulous prices. During the dip premieres got down to \$2.20 a throw and managers were thankful if all the critics came to present their passes.

Now it's \$4.40, \$5.50, \$6.80 and even \$11.00. The last-named price will prevail for the maiden flight of Noel Coward's "Tonight at 8:30," a collection of one-act plays. One-act plays, incidentally, have long been box office poison. As a rule no producer will touch the midget dramas.

Another symptom of Inflation Optimism is the flock of brightly modernistic ticket bureaus which have sprung up in the heart of make-believe land. Slickly caparisoned

young men, many in Ascot ties, stand behind the tall counters and deal out the ducats like traders around the Big Steel post on the Exchange.

Between-the-act sippers have begotten scads of new bars, mostly done in the modern manner. The Piccadilly Circus bar keeps a large, lighted scoreboard in view of patrons, warning of curtain risings to the minute in neighboring drama halls. Tableaux in the Edison Green Room, another entracte oasis: Leslie Howard and Harry Richman, the town's top-flight lady killers of the moment, at adjoining tables.

Phil Baker and I got to chatting the other night about the static boxes and opportunities they will offer to tomorrow's writers. So far radio has paid ridiculously little to the scrip writers—as the noises you hear nightly testify. But the scribes are beginning slowly to come into their own as the air wave czars begin to realize that it matters—not much, but a little—what the high-priced gabblers into microphones actually say.

David Freedman is the Damon Runyon of the air in price. He can pull down \$2,000 any week. Billy Wells and Al Boasberg, little known outside New York, command fat stipends as ether gamblers. Baker proved with arithmetic why skilled scribes with a sense of humor will draw ballooning wages in the future. Baker himself uses approximately 31 jokes to a program, 403 to a thirteen-week series, and 1,600 in a year. That's twenty times the number he used to do with during an entire year on the stage.

Drio Expects Large Crowd For Address Of Cubbing Leader

Invitations went out from Boy Scout headquarters today for the meeting at which William C. Wessell, national scout council director of cubbing, will speak on Thursday evening, October 29, at 7:45 o'clock. Mr. Wessell will speak in the First Christian church.

It is announced that Mr. Wessell will discuss the cubbing program and show a color film on cubbing. Scouts from all parts of the county are expected to attend. Hans N. Drio, chairman of the council's cubbing committee, said.

THE PARENT PROBLEM

By Garry C. Myers, Ph. D.

EMOTIONS HANDICAP LEARNER. SOME CHILDREN are by native endowment very slow learners. Also there are many, very many, perhaps, who fail to make good school progress because of personality factors. Regardless of native intelligence, emotional disturbance of any sort tends to hinder learning progress. The following case is to the point:

"Dear Dr. Myers: I don't think I have ever missed reading your column. . . I have a boy who is fifteen, and have had a lot of worry with him and his school work ever since he started to school. . . have tried most everything and am quite heartbroken over his progress. . . I don't think I could ever stand to have him kept back another year, on account of pride if nothing else. My friends have children even younger and smaller and it is terribly embarrassing. . .

"He started to kindergarten when he was barely five, and was always such a bright little youngster but very timid. His teacher used to tell me she hated to see him start to first grade on account of his timidity. Anyway, he did start to first grade when he wasn't quite six. His teacher used to bring him up to the desk and let him read to her there. When he got to second grade the teacher did not have the patience the first grade teacher had, and just graded him. . . children's diseases caused him to miss most

of the second grade, which was repeated. . . More sickness during the fifth grade. . . As soon as he was thirteen he began to grow very rapidly and is six feet tall. Now in seventh grade. . . We kept him at his work at home. Some of his work he could do perfectly there but at school in a test got twenty or less. . . My only child."

Teachers' Aid Needed. Concerning this case we must not be too hard on the teachers. They have classes of thirty or forty pupils. Yet we do wish we might enlist the interest of more teachers in the timid child. Moreover, we wish we might prevail upon those who train teachers and supervise them to cease telling teachers to give so many stopwatch tests in school.

You and I can see how this mother feels. But her pride is getting the better of her good sense. We can be sure she has betrayed her anxiety to the boy, and on that account has added greatly to his burden. Our chief concern is about him, how he feels, and how he can be helped to make progress, gain self-respect, and a hopeful outlook. Obviously his is a long story that goes back to infancy. May I beg of mothers of young children to do their best to help these little children gain social courage by mingling early with playmates, and gaining more emotional independence.

On Court House Hill

Pearl E. Shields of 309½ East Lutton street, has filed an application at the prothonotary's office for a divorce from her husband, Ray M. Shields of 317 Sycamore street, on the grounds of desertion. They were married in April, 1917, at Franklin, Pa., and lived in Venango county and New Castle.

Martha Brooks Parker has resigned as judge of election in the first precinct of Neshannock township, and the court has appointed Mrs. Edna Earl Gibson to fill the vacancy.

Constable W. Howard Gilmore, of North Beaver township, has appointed the following deputies to serve at polling places on election day: Second precinct, Charles Bannan; third precinct, C. E. Rogers; fourth precinct, Charles Brandt. Constable Gilmore will look after the first precinct.

In the third precinct of the Seventh ward, Miss Helen La Marco has been appointed minority inspector of election to fill a vacancy occurring on the board.

Under the direction of the county commissioners Bert Dinsmore will repair some holes in the North street and South Jefferson bridges with amesite.

Mrs. Lee Newton has resigned as minority inspector on the election board in the fourth district of Shen-

ango township, having moved to Ellwood City. Belva Houk has been appointed to fill the vacancy.

Under the will of the late Robert S. Graham of Mahoning township, which has been admitted to probate at the register and recorder's office, all of decedent's property is left to his widow, Anna M. Graham, who is also to act as executrix.

Josephine Magusiak has presented her resignation as majority election inspector in the second precinct of the Eighth ward. The vacancy has been filled by the appointment of Sophia Kwolek.

Ballots to be used at the coming election will contain the names of eight parties: Republican Democratic, Socialist, Prohibition Communist Industrial Labor Old Age Pension and Royal Oak. The offices to be filled include president, state treasurer, auditor general, representative in congress representative in the state legislature and state senate.

A local attorney says the depression would be over if a fellow could live on alphabet soup, clothe himself with promises, sleep on a new deal program, and pay bills with tax receipts.

As usual the greater part of the October terms of common pleas court have been taken up in hearing automobile damage cases. They are by far the most prolific source of trespass actions. Most of them seem to have been caused by drivers failing to keep their own side of the road. There is a certain class of drivers who habitually weave over a road like a drunken man, especially in this true if there are no cars in sight. But it is dangerous practice, and one which often leads to accidents at curves. The good driver keeps his own side of the road all the time, regardless of whether or not there is anybody in sight in either direction. Many accidents could be prevented if everybody would adhere to this rule.

Advertising is of great antiquity. Egyptian advertising over 4,000 years old has been discovered. Picture advertisements were used for the most part up to the time of and through the Middle Ages. The earliest newspaper advertisement is said to have been in Germany, 1591.

The great man shouldn't take cheers to seriously. They would cheer louder if he knocked a homer with the bases loaded.

Pile Sufferers

Can You Answer These Questions?

Do you know why external remedies so often give quick and permanent relief?
Why cutting does not remove the cause?
Do you know the cause of Piles is internal?
If there is congestion of blood in the lower bowel—the veins flabby, the parts lifeless?
Do you know that there is a harmless internal remedy for itching, bleeding or protruding piles discovered by Dr. J. S. Leonard known as HEM-ROID that is guaranteed?
HEM-ROID banishes piles by removing the cause, it stimulates the circulation in the lower bowel—drives out the thick impure blood, and restores the affected parts.
HEM-ROID is so successful in even the most stubborn cases that Eckerd's Cut Rate and New Castle Drug Co. and all good druggists advise every sufferer to get a bottle of HEM-ROID Tablets to-day—take them as directed—then if not completely satisfied with results—your money back.

"I CURED MY HUSBAND'S GROUCH WITH A&P TOAST"

"GOOD BREAKFAST TOAST MAKES MY HUSBAND'S WHOLE DAY BRIGHTER," SAYS PENNSYLVANIA WIFE.

It's true! A&P Bread is a better bread, a fresher bread, a tastier bread. Its flavor and texture are the result of A&P Bakers' master skill in blending and baking the finest ingredients. And it costs you less money. For A&P Bakeries effect great savings in manufacture and delivery. These savings are passed on to you. Try a loaf today. We know you'll agree it's a better bread for less money.

1 "Believe me, my husband was right when he said it's not the price you pay for bread that determines good toast—it's flavor and freshness and texture. That's why we all agree A&P Bread toasts perfectly, tastes better, and actually costs less."

2 "For years my husband complained about the breakfast toast, and the youngsters would hardly touch it. It always seemed staled, poorly toasted. We tried many breads but every morning we started the day wrong with tasteless toast."

3 "Then one morning I served toast made of A&P Bread—and what a difference! The children simply loved it. It made a richer, nut-like tasting toast—the most delicious breakfast we ever ate. It's A&P Bread for us from now on in our house."

High School Seniors And Juniors Eligible For Essay Competition

By ARTHUR C. WIMER
(Special Washington Correspondent, New Castle News)
WASHINGTON, D. C., Oct. 22.—Seniors and juniors of New Castle high school with ideas about controlling the pesky mosquito should set them down on paper and compete for state and national prizes, according to Adm. Carl J. Grayson, chairman of the Gorgas Memorial Institute.
Each year the institute conducts an essay contest for high school juniors and seniors. This year has been chosen the topic, "The Importance of Mosquito Control and the Gorgas Memorial." All juniors and

seniors are eligible, and complete details may be obtained by addressing the Gorgas Memorial Institute, 1835 Eye Street, Washington, D. C. There will be local, state and national prizes. Those writing the best essays in the various high schools will receive Gorgas medals and will qualify for entrance in the state competition. State winners will receive \$10 in cash and will qualify for entrance in the national contest. The first national prize is \$500 in cash and the winner receives in addition, a travel allowance of \$200 for a trip to Washington to receive the award.
Second national prize is \$150 and the third is \$50.

Girl Reporter In Mid-Pacific

By DOROTHY KILGALLAN
(International News Service and New York Evening Journal Staff Correspondent)
(Copyright, 1936, by International News Service and New York Evening Journal)
SAND ISLAND, Midway Islands, Oct. 22.—Today finds me a veteran Pacific air traveler, a new-hatched member of a very exclusive club, and with only one-third more of the world's girls to cover before I can call myself a full-fledged Nellie Bly.

I arrived in these mid-Pacific islands yesterday afternoon aboard the China Clipper, after a hop of 9 hours and 25 minutes from Wake Island, and we're set to take off this morning on the 1,380-mile jump to Honolulu.

From there, it's only a single hop of 2,400 miles to the Golden Gate, and then on to New York, where Leo Kieran and I started our globe-circling race September 30.

Charge Shortage To Pittsburgh Man

(International News Service)
PITTSBURGH, Oct. 22.—Accused by police of being responsible for a \$54,000 shortage in his accounts at the Peoples-Pittsburgh Trust company, George Rankin, an official of the bank, was lodged in the county jail today and questioned by detectives.

Said to have been in charge of the trust company's clearing house de-

partment, Rankin was quoted by police as admitting responsibility for the shortage. Detectives said Rankin told them he spent the money on gambling, night clubs, and clothes for a friend, Miss Catherine McCann, who was also held for questioning.

Col. Frank Knox Swings Into Ohio

Will Make 27 Addresses In
Ohio, New York And
Pennsylvania

(International News Service)
VINCENNES, Ind., Oct. 22.—Col. Frank Knox, Republican vice presidential nominee, swung into Ohio today on a whirlwind campaign tour during which he is scheduled to make 27 addresses in five days in Ohio, New York and Pennsylvania, after branding the Roosevelt administration as guilty of "blind and vicious assaults on the American form of government" in an address here last night.

In speeches through Indiana earlier in the day Col. Knox charged that "certain administration theories came from Communist Russia and others from foreign dictators," and he declared there has been an intention on the part of "certain men" in the administration to "move toward a fascist dictatorship."

"The present administration," Col. Knox declared, "does not believe in the American system of life, of free enterprise and democracy."

Clark Home From Convention, Tour

State Building & Loan Head
Spoke During U. S.
League Sessions

Norman E. Clark of Walmo, president of the Pennsylvania League of Building & Loan Associations, returned with Mrs. Clark last night from the 44th annual convention of the United States Building & Loan League in New York and from an after-convention motor tour through the New England region.

Mr. and Mrs. Clark were accompanied on their trip by Mr. and Mrs. Harry R. Smith, Ellwood City. Mr. Smith is a building and loan man.

At the New York sessions, attended by 2,000 delegates from all parts of the country, Mr. Clark spoke on "Are Cheap Appraisals Really Cheap?" before the Society of Residential Appraisers, a section of the convention.

Mr. Clark is secretary of the New Castle Mutual Building & Loan association.

Pitt Dean Will Make Address To Teachers Here

Speaks Saturday To Biology
Section Of Educational
Convention

Dr. Stanton C. Crawford, dean of the college at the University of Pittsburgh, will address the biology section of the Mid-Western convention district, Pennsylvania State Education association here on Saturday, October 24. Dr. Crawford will speak on "The Scientific Approach."

A graduate of Bethany college in 1918, Dr. Crawford took his M. A. degree at the University of Cincinnati in 1921, and the Ph. D. degree at the University of Pittsburgh in 1926. He served as Baldwin research fellow in biology at the University of Cincinnati in 1920, 1921, before becoming professor of biology at Lynchburg college, Virginia, in 1921. He was an instructor in zoology at the University of Pittsburgh from 1924 to 1926, and returned to Lynchburg college as professor of biology and dean in 1926.

Dr. Crawford became head of the University of Pittsburgh Johnstown center in 1927; director of high school relations for the University

in 1933, and was appointed dean of the college in 1935 when Dr. Herbert L. Spencer, then dean, became president of Pennsylvania college for Women.

Dr. Crawford holds membership in six learned societies and associations, and has contributed articles on education and zoology to a number of publications. He is a native of Steubenville, Ohio.

BOY CONVICTED OF MURDERING CHICAGO WOMAN

Fifteen Year Old Faces Life Term

Found Guilty Of Killing Crippled Woman For \$8 Worth Of Trinkets

HOPES TO RECEIVE ANOTHER TRIAL

(International News Service) CHICAGO, Oct. 22.—Stolid, bored, 15-year-old Roland Munroe, Jr., found guilty by a jury last night of murdering a crippled, 65-year-old woman for \$8 worth of trinkets, today sat in his jail cell smilingly confident he would ultimately gain his freedom.

The boy seemed terrified as the verdict was read after the jury had deliberated less than three hours, and as punishment was fixed at 199 years imprisonment, but his arrogant confidence returned with his attorney's assurance that a new trial would be granted.

"Might we win in a new trial," the red haired, perfumed boy asked.

"Yes—sure," his attorney replied.

Youngest Defendant
On August 29 the boy, one of the youngest defendants ever to be tried for murder in a Cook county criminal court, killed Mrs. Agnes Coffey by beating her with a hammer and a cane in her home. He confessed after his arrest, the confession being admitted into evidence.

Although the jury was qualified for the death penalty, the state did not demand the chair, asking the jury to fix a punishment in keeping with "the cruel character of the crime."

Defense Attorney Sam Hoffman pleaded with the jurors to return a verdict of insanity, urging that Munroe be sent to a state institution where he would receive medical treatment.

The court set November 6 as the date for arguments on the defense's motion for a new trial.

Clever Pastor Gets "Skunk" From Well With Butterfly Net

SLIPPERY ROCK, Pa., Oct. 22.—When the Rev. Clarence Baldwin discovered that a skunk had fallen into one of the deep window wells at the rear of the Methodist church, he faced a problem of getting the skunk out without perfuming his church.

With the aid of William Bingham, one of the parishoners, he fashioned a long-handled butterfly net. Very carefully it was lowered, very slowly Mister Polecat was propelled into it, and very gingerly he was lifted. The skunk seemed to realize his trouble for he acted like a gentleman throughout the entire proceedings and seemed glad to be back on the surface. To him the incident and well as his atomizer was a closed affair.

A Three Days' Cough Is Your Danger Signal

A cough, chest cold or bronchial irritation today may lead to serious trouble tomorrow. You can relieve them now with Creomulsion, an emulsified Creosote that is pleasant to take. Creomulsion is a medical discovery that aids nature to soothe and heal the infected membranes and to relieve the irritation and inflammation as the germ-laden phlegm is loosened and expelled.

Medical authorities have for many years recognized the wonderful effects of Beechwood Creosote for treating coughs, chest colds and bronchial irritations. A chemist worked out a special process of blending Creosote with other ingredients so that now in Creomulsion you get a real dose of Beechwood Creosote which is palatable and can even be taken frequently

Altoona Junior Is Selected For Title Role In "The Bishop Misbehaves"

(Special To The News)

NEW WILMINGTON, Oct. 22.—Miss Izora Mangus, Altoona, Westminster College junior, has been given the feminine lead in "The Bishop Misbehaves," the first Little Theatre production of the year, to be produced by Masquers, honorary dramatics fraternity.

Miss Mangus was pledged to Masquers at the end of her sophomore year, following two years work in Little Theatre productions. Besides her work in dramatics Miss Mangus is a member of the Mermaid club, women's swimming group. During her freshman year, she was a member of the Y. W. C. A. commission, and was active in intramural sports, playing soccer and hockey. She is also a member of the house council of the hillside women's dormitory.

In Altoona high school, Miss Mangus was active for four years in dramatics. She was vice president of the Girl's League served as a member of the Senate; and was for three years winner of the annual "Reading contest." Miss Mangus is a member and scribe of Alpha Gamma Delta sorority. She is the daughter of Mr. and Mrs. Alfred R. Mangus, 506 Twenty-fifth avenue, Altoona.

Somehow, we always seem to detect a note of insincerity when we read of a movie actress who modestly exclaims she hates to have her picture taken.

AROUND CITY HALL

Traffic division of the city department of police contemplates something new—and that is taking note of the license number of careful auto drivers.

The plan was advocated late Wednesday after an auto operator, who had the green light at East Washington, Water and East streets, stopped his car to permit two aged women to cross the street in safety. The women driver took cognizance of their plight. John Haven, commissioner of traffic, saw the act and praised the driver. "When a driver does anything wrong he is censured," said Haven, who added that "when a driver does something for safety his act should be recognized."

When cars in East Washington street at Croton avenue are headed east they receive a green light for a brief time only. Because of this traffic officers say that automobiles can proceed eastward two abreast. Lanes for two lines of cars have been painted.

John Haven, director of traffic,

today advised all motorists to follow the proper lane of traffic, adding that reports show that since the yellow lanes were painted accidents have decreased.

Young man sent to the Allegheny county workhouse following conviction in police court on a charge of vagrancy, was the first defendant sent by Mayor Charles E. McGrath to that institution.

Employees of the Works Progress Administration are at work in Castle Park on a parking plot drainage project. The greenhouse also is being rebuilt. According to Superintendent C. C. Coulthard, the lake may also be drained this fall.

Board Of Trade Set For Annual South Side Halloween Celebration, Wednesday

WILL AWARD 250 PRIZES TO MUMMERS

If plans launched by the South Side Board of Trade can be used as a criterion, this year's South Side Halloween celebration, scheduled for Wednesday night, October 28, will be one of the most colorful affairs held in this community in years.

Assembling in the office of Alderman B. J. Biondi, 114 East Long avenue, Wednesday night, members of the organization and committee-men in charge of the coming event completed plans. The various committees reported that everything is in readiness. Ivor Davis will be grand marshal with William C. Druschel as general chairman. D. O. Davies has charge of the judges.

Oscar Levine and Harold Lebo, prize committee, have gathered a large selection of valuable gifts. President Joseph Frenzel stated this morning that approximately 250 awards will be made to mummies on the night of the celebration. Frenzel also announced that four hands are expected to participate in the parade.

From all indications the South Side organization plans to give New Castle its usual Halloween celebration, annually one of the leading events on the local calendar during the autumn season.

REBEL TROOPS ONLY 13 MILES FROM MADRID

(Continued From Page One)

The rebels, today redoubled its efforts to strengthen its defense. The official government radio announcer, declaring "this is the hour of crisis," confirmed that a concerted rebel offensive is under way on the Madrid front.

Eight Miles Away

He even mentioned an engagement at Moraleja, which is eight miles east of Navalcarnero, and only eight miles from Madrid. Counter-offensives all along the line are planned immediately by Madrid, but so far the rebels, numerically inferior but far better disciplined, have been able to hold their own at nearly every point. In view of the possibility that, with the loss of Madrid, the gov-

ernment and army will operate against the rebels from Catalonia, there was much significance today in reports of rebel defeats on the Huesca-Saragossa line to which the Catalonians have pushed in three months of fighting.

A Madrid government communique said the Leftists were within seven miles of Saragossa, important northern rebel stronghold. The insurgents suffered heavy losses in fighting around Tardienta, northeast of Saragossa.

Huesca was again subjected to a heavy bombardment.

French reports, on the other hand, say that 15,000 rebel troops and 150 airplanes have been massed on the island of Majorca and the number is steadily being increased for, it is believed, an aerial and Marine attack on Catalonia.

Continued fighting at Oviedo, and near Nalaga and Bilbao was also reported.

Offensive Continues

Madrid, Oct. 22.—The rebel offensive against Madrid was continued vigorously today, the giant "C" line almost encircling the capital and leaving motor roads to the east the only means of escape.

Loyalist artillery blew up a rebel munitions magazine at Tardienta, forcing rebels to retreat with heavy losses. Loyalists also counter-attacked in the Sigüenza area, capturing prisoners and war material.

Heavy fighting continued in the Huesca area, loyalists asserting they were maintaining the initiative. Loyalists claimed the rebels attacked unsuccessfully near Robledo.

An insurgent attack between the Alberche river and Navalcarnero, launched yesterday, raged throughout the night. Leftists said final outcome of this battle was undetermined although the rebels claimed victory.

Winegard Asks For Clemency

Former Head Of Bureau Of Corporations Serving Term In Prison

(International News Service)

HARRISBURG, Oct. 22.—The State Board of Pardons was expected to take final action today on the clemency application of Sidney L. Winegard, Philadelphia, former head of the bureau of corporations, state department, and secretary of the state employees' retirement fund, who was convicted of fraudulent conversion.

Winegard was sentenced in the Dauphin county court, February 25, 1935, to two and one-half to five years in the Eastern penitentiary but did not go to jail until October 14, 1935, because of pending appeals.

The board was to conclude its hearings of 31 clemency applications, none of which involved a capital crime, today.

Public Watches Making Of Steel

Open Mills In Pittsburgh District To Public For General Inspection

(International News Service)

PITTSBURGH, Oct. 22.—The inner workings of the steel industry have been revealed to the public for the first time and today streams of men, women and children crowded the Edgar Thompson, Braddock, Clairton and Duquesne mills of the Carnegie-Illinois Steel corporation upon the invitation of company officials.

The visiting days all this week are part of the plan of the Carnegie-Illinois to "humanize" steel by making the families of the employees familiar with their bread-winners' jobs and working conditions. Pamphlets giving the history of the mills are handed the visitors and officers and guides answer questions.

Frank R. Slick, superintendent of the Edgar Thompson works, explained the visiting days:

"The families of our employees have never seen the mill in all the 65 years of its operation. They know nothing about steel except hearsay. Now we want everybody in town to know what goes on inside the gates."

GOVERNOR LANDON IS HEADING EAST TO END CAMPAIGN

(Continued From Page One)

the government service"—and its alleged failure to maintain the merit system among federal employees.

Landon apparently has decided to surprise his political opponents with the topics of his closing speeches. This would be in line with the surprise announcement of his "victory dash" to Maine earlier in the campaign and the suddenness of the announcement of the present transcontinental tour after a dash to California.

The governor's train crossed into New Mexico from Arizona early this morning. His route lay along the Santa Fe Trail in and out of New Mexico and Texas, with a final dash across the Texas Panhandle into Oklahoma.

It was at Phoenix he assailed the administration for attempting to regiment the American people in violation of their constitutional liberties. Declaring the fundamental issue in the campaign transcended party lines, Landon said:

"People Have Choice"

"Today the people of this country have a choice between the American system they always have known and an opposite system. This will determine whether they and their children will remain a free people, capable of self-government, or be dominated by an all-powerful central authority. We have watched this very thing happen in other nations in recent years.

"I am not questioning the humanitarian intentions of the present administration. But I do wish

to point out the threatening character of the means the administration uses to carry out its intentions. "There can be no question as to the road down which we are being led. Regimentation of the individual and curbing of his liberties underlie every one of the New Deal's plans. They have allowed nothing to deter them in their plan to make over our political, social and economic life. The supreme court already has ruled many of these plans contrary to our constitution. Unfortunately we are left in no doubt that the present administration regards this not as an end to their efforts, but only as a minor barrier to be circumvented if it can't be hurdled.

Will Strike Every One

"This threatened change in our form of government is not remote. Its effects will strike directly into the homes, jobs, and lives of every one of us. The reality of it is but too well known to us."

Landon pointed out New Deal laws already had told farmers "what they could plant in their fields" and told workers "how many hours they could stay at their tasks." He added the "present administration of the grazing act is another example of federal bureaucracy run wild."

He warned that if such regulations were established "by one means or another", the government would have equal power to tell a farmer to "cease farming entirely and start digging ditches" or to tell working men "to work twice their present hours at half their present pay."

"The men who framed and forced the passage of their measures have not changed their ideas," he added. "They are only biding their time until they can put them into full effect."

As for his own plans in the presidency, Landon said:

"The new right things may be done and the old wrong things wiped away, as I believe, without destroying the freedom which comes to us from our fathers. It is in this faith that I take my stand on the American system of government against all comers."

Communists To Meet Tonight

According to Samuel Reed, secretary of the Communist party in Lawrence County, a rally in the interests of Earl Browder for president and James W. Ford for vice president is scheduled tonight at the court house at 8 o'clock.

Principal speakers are William M. Gebert of New York and Thomas Myerscough, of Pittsburgh.

TWO STILL ALARMS FOR SMALL FIRES

Firemen answered two alarms since noon yesterday for small fires, no damage resulting in either case.

At 2:35 Wednesday afternoon they were called to the vicinity of 308 North Shenango street, where there was a grass fire in progress. It was beat out with brooms.

At 1:15 this morning, Central firemen were called to the rear of the state liquor store at 28 South Jefferson street, where some rubbish was burning.

Relief Money should go to those on relief

Another New Deal lie is that relief will be cut off when Republicans take office. It is a lie which New Deal henchmen have been spreading among persons on relief.

Here are the facts:

Under the New Deal, huge sums of taxpayers' money, intended for relief, are not getting to persons on relief.

This money is being sidetracked into big salaries for the politically appointed

New Deal relief bosses, their assistants, and their assistants' assistants.

It is being wasted through the inefficient work of political hangers-on.

It is being squandered through unnecessary expense for a top-heavy administrative set-up.

The same scale of relief, or a better scale, can be provided at much less than New Deal costs. Here are a few examples of how the New Deal spends relief money. Ask yourself if this money helps those on relief

POSITION	SALARY PER MONTH
Administrator	\$350.00
Assistant Administrator	300.00
Director of Women's Work	300.00
Engineer	275.00
Director of Finances	275.00
Assistant Director of Finances	250.00
Statistician	275.00
Liaison Officer	250.00

Persons on relief have every reason to vote Republican. Republicans will eliminate waste, and at the same time, maintain adequate relief. More important,

Republicans will create conditions that will bring regular jobs... that will make relief unnecessary and unwanted.

No matter how you're registered-- vote as you please!

New Dealers are telling WPA workers and persons on relief that if they are registered Democratic, they MUST vote for Roosevelt.

This is another lie.

It is your legal right as a citizen to vote for any candidate, regardless of your party registration.

And if you prefer a regular job at regular wages to the bare existence of relief or the meager pay of WPA, Vote Republican!

Bird Show Here On Friday And Saturday

Attention of the public is called to the Bird Show, by Mrs. William Howley, publicity director of the Garden Forum.

The show which is being sponsored by the Conservation committee of the Forum will be held two days, Friday and Saturday of this week, October 23 and 24, in Orr's hall on Grove street. No admission will be charged.

There will be exhibits by V. T. Warfel, Owen Penfield Fox, Frank Coen, well known protectors of birds, which will attract much interest. Nick Cassio has arranged for an exhibit from Carnegie Museum, and in addition, there will be an exhibit from the state. Lately, birds have been claiming

the "lion's share" of attention among conservationists. Pioneers in bird study were the classifiers, Nuttall, Wilson, Baird, Audubon. By their writings, Thoreau and Burroughs awakened an enthusiasm for and appreciation of the aesthetic and economic values of birds.

In colonial days, laws were passed imposing fines upon the farmer who failed to kill his annual quota of birds. Today, laws are passed imposing fines on those who kill our birds. We have advanced from destruction, through a period of non-interference, to the higher plane which requires protection for our feathered friends.

Come to the Bird Show for new ideas on Bird Feeding and Protection.

Governor Earle Sets November 23 As Date For Jacob Gable To Be Executed

(International News Service) HARRISBURG, Oct. 22.—Youthful Jacob Gable, who was convicted of murdering Harriet Goldstein, 79, in her home near Johnstown last year, will be electrocuted during the week beginning Monday, November 23, Gov. George H. Earle had announced today.

Gable lost his fight for a new trial when the supreme court affirmed the judgment of the trial court October 5.

Governor Earle indicated an application for the youth will be presented to the board of pardons in November.

The murder took place during a robbery that netted the youth a few dollars, it was charged, on June 17, 1935.

Gable, the commonwealth contended, "used a dentured cream pitcher a piece of marble, a heavy door stop—and several kitchen knives" as weapons.

Milk was sold in glass containers for the first time in 1878, at Brooklyn, N. Y.

Kiwanians Here Hold Nomination

Paden And Potter Picked For Presidency; College Man Speaks

Thomas L. Paden and Coroner Orville Potter were nominated to the presidency of the Kiwanis club in the primary election which marked its weekly luncheon at the Castleton yesterday.

The club's general election will take place the day following the national election, November 4.

Nominated with the presidential choices were the following:

For vice president (two to be elected)—Orville Potter, A. L. Bantz, Jr., Jesse Kerr, Dr. J. Lumen Popp, Thomas L. Paden and Dr. Amzie G. Reynolds.

For treasurer—Robert L. Meermans and L. C. Mantz.

Nearly 24 members were also nominated to the nine posts on the board of directors. The club secretary is always named by the new board.

The Kiwanians yesterday heard Harry B. Northrup, State College, director of Penn State's mineral industries extension division, discuss "Mineral Industries," in the principal address of the day, Lloyd Strayer introduced him.

In the absence of President Harry L. Gornley, Gilbert E. Long presided.

B'Nai B'Rith Rally Proves Huge Success

Joseph Herbach, Philadelphia, Delivers Interesting Address, Wednesday

A comprehensive address, delivered by Joseph Herbach, Philadelphia, of District No. 3, featured Wednesday evening's B'Nai B'Rith rally held at Temple Israel. The affair was a marked success.

Mr. Herbach spoke of the various branches of B'Nai B'Rith work, such as their Anti-Defamation work, their Hillel Foundations, their A. Z. A. branches and the Wider Scope committee. He enlightened his audience on the various details of his constructive program which is sponsored by the B'Nai B'Rith. The gathering enjoyed the address immensely.

Ted Marlin, president of the local lodge, introduced Marcus Feuchtwanger, New Castle's past president of the district. Mr. Feuchtwanger took charge of the program for the evening in a most capable manner. Henry Zacks, of the general committee, spoke of his endeavor to place the New Castle lodge in the same position it held years ago. Mr. Jaffee, a past president of the district, of Butler, extended greetings from the Butler lodge.

At the conclusion of the event, dainty refreshments were served.

Plans Mapped For Community Chest

November Drive Matters Talked By Board; Goal Not Definite

CAMPAIGN CHAIRMAN TO BE NAMED SOON

McAfee Picks Committee To Study Permanent Office Proposal

W. KEITH MCAFEE

New Castle's Community Chest board of directors, representative of the city's civic and service organizations and of the charitable and welfare organizations that constitute the Chest, discussed plans this week for the 1936 Community Chest campaign which opens November 16.

Many of the drive's details were fully reviewed and definite action taken in some cases. In other cases the action was deferred until later.

To Pick Drive Chairman

President W. Keith McAfee, who presided, was named by the board as chairman of the 1936 Chest campaign committee, the group which is to function as the drive's executive board which will select the campaign general chairman within a short time.

Matters of interest to the various participating agencies, the full list of which has not yet been determined, were reviewed.

President McAfee named Walter W. Duff, Marcus Feuchtwanger and Louis B. Round as members of a committee which will initiate a study of the possibility of establishing a permanent downtown headquarters for the Chest organization. It was brought out that most cities maintain small year-round offices.

Mr. McAfee, as president, also appointed P. J. Flaherty as chairman of the Chest budget committee and A. Bruce Ewing as chairman of the permanent public relations committee.

The board unanimously approved the selection of Harry Thayer, representative of the Ward, Wells & Dreshman campaign directing firm in New York, as the man who will supervise the city-wide drive in November.

Love Gets Tribute

Tribute was paid by the directors at the close of the meeting to the untiring service which James K. Love gave as president of the Community Chest board from July, 1934 to this year. Mr. McAfee succeeded Mr. Love last month.

From 1934 on Mr. Love directed the Chest board operations and only retired when illness forced him to relinquish the work. Marcus Feuchtwanger, as the Chest vice president, carried on for Mr. Love in the last few months of his term. Mr. Love resumed his Community Chest service when he attended yesterday's board meeting.

The goal for the 1936 drive will be announced when a committee reports its findings in the current study of Chest agency budgets.

The board will meet again on Monday evening, October 26.

Special Services At Local Church

Presbyterian Church To Have Week Of Special Services, Beginning October 25

A week of special services will be conducted in the Mahoning Presbyterian church during the week beginning October 25, and continuing through November 1. Rev. Edwin A. Shewmaker, of the Westfield Presbyterian church, will be guest pastor and will be in charge of the first three meetings, after which Rev. D. C. Schnebly will continue, the services ending with communion and reception of members on Sunday, November 1.

The sermon themes follow:
Sunday: "Man the Misfit."
Monday: "Along the Way They Lost Christ."

Tuesday: "Along the Way Zacharias Found Him."

Wednesday: "Along the Way He Spoke to the Rich Young Ruler."

Thursday: "Along the Way He Shared His Cross."

Friday: "Along the Way Paul Found His Lord."

Sunday: Communion.

The services will begin at 7:45 o'clock.

PAST PRESIDENTS TO MEET

Mrs. R. C. Solomon, of Edgewood avenue, will be hostess to members of the Past Presidents club at a 6 o'clock dinner on Thursday.

Mummers To Parade In Seventh Ward

Civic Club Plans Hallowe'en Celebration For Night Of October 30

On Friday, October 30, the streets of the seventh ward will be the scene of one of the biggest Hallowe'en celebrations in the history of the ward.

Plans have been launched by Civic club members and with the aid of the local merchants who have contributed funds toward the decorations, prizes and music, it is

CHOIR PARTY TONIGHT

The senior choir of the Mahoning M. E. church, will practice at the church, this evening at 7 o'clock. Immediately a "Newspaper party" will be held at the home of Myrtle Conn on West Clayton street.

SEVENTH WARD PERSONALS

Mrs. J. A. Beard of Orchard street returned Wednesday from Balti-

hoped to have things well in shape by the latter part of next week.

A large parade will be only one of the many attractions planned for that night. Music will be furnished by two popular bands, one of which will be the Mahoning school musicians, under the direction of Miss Gladys Thomas.

Several streets will be roped off for street dancing. The judges stand will be placed on Liberty street where the mummers will file past, after which the costume awards will be made.

The Civic club will meet at 8 o'clock, Monday evening, in Horcher Hall, for the purpose of completing plans for the celebration.

Miss Billie Shriver, of Madison avenue, is spending a week's vacation in Cleveland, O.

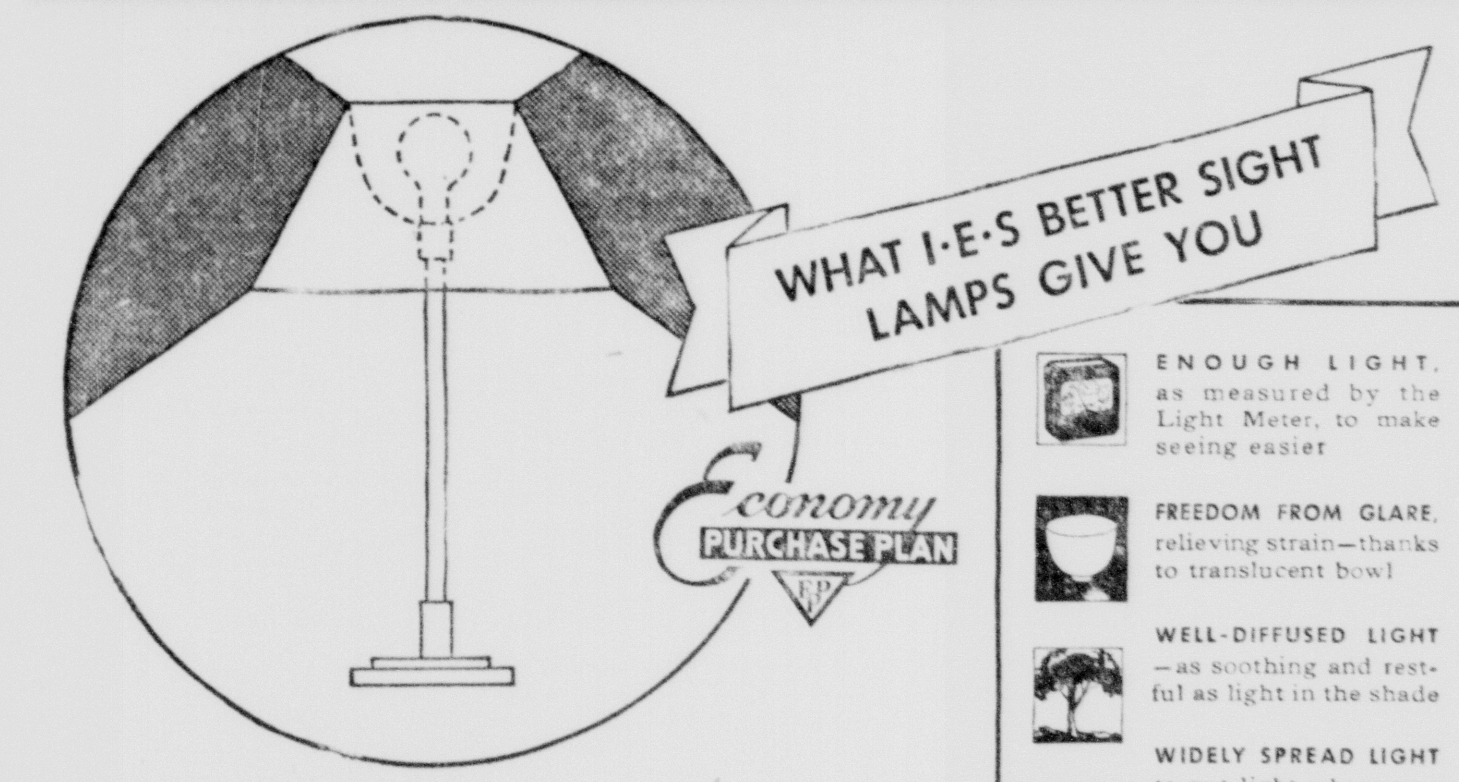

Mr. and Mrs. John Parker, of West Clayton street, were recent visitors in Conneautville.

Mrs. Frank Steele, of Beaver Falls, Pa., has returned home after visiting for the past ten days at the home of her sister, Mrs. C. W. Thompson, on Eighth street.

R. D. Tonkin, of Tyrone, Pa., has been visiting for the past few days at the home of Rev. and Mrs. D. C. Schnebly on Newell avenue.

As necessary as ABCD
VITAMINS

You need all factors of good lighting to protect precious eyesight, just as you need all vitamins to protect bodily health. Most people, when they let their eyes tell them how much light they need, select from 20 to 50 times the amount they now have. Yet the right amount of light is only one factor in better seeing. There are many others—and your eyes need them all.

INSIST ON THE I. E. S. TAG on every lamp you buy—it assures you sight-saving light

- ENOUGH LIGHT, as measured by the Light Meter, to make seeing easier
- FREEDOM FROM GLARE, relieving strain—thanks to translucent bowl
- WELL-DIFFUSED LIGHT—as soothing and restful as light in the shade
- WIDELY SPREAD LIGHT—to put light where you need it, over desk or chair
- DIRECT AND INDIRECT LIGHT, to reduce eyestrain
- BEAUTY—stately lines, graceful proportions

I-E-S BETTER SIGHT LAMPS GIVE YOUR EYES A BALANCED DIET

These new lamps, developed by the famous Illuminating Engineering Society to help protect eyesight, give many times as much light as ordinary lamps. They spread light widely over your work. They soften and diffuse

the light to eliminate glare. They combine every feature of good lighting to reduce eyestrain. Marvelous for reading, sewing, study—and your dealer has them in a wide variety of attractive styles.

Gray Bubbles With Confidence

Hopes To Defeat Youngstown Boxer And Ascend Fistic Ladder

CHIP READY TO TRAIN AMATEURS

If confidence means anything to a fighter, and it certainly means plenty, Ray Gray may go far in the amateur ranks. In fact, the South Side slugger is bubbling over with optimism and believes he will win from Frankie Karak, Youngstown, when the middleweights battle Monday night at the Arena Garden.

"I'm glad Karak won from Jack Sharkey," said Gray following a victorious workout yesterday. "If I beat him I will be considered one of the best middleweights in this section. I'm rounding into fine condition and the fans can expect plenty of action when the bell rings."

One week ago Monday night before a capacity house, Gray surprised the fans by standing toe to toe with Keith Goodballet, southpaw, and trading punch for punch. It is true, Gray took some heavy shots on the jaw, but at the same time he gave as heavy as he received and his last round finish won him the award.

Karak is a fast moving, stiff puncher, middle-weight. There are some who believe him better than Goodballet. The fact remains he stopped Jack Sharkey in the third round at Youngstown. In Youngstown he is rated better than Johnny Vargo, who is also scheduled to box on the card here.

Gray got up at 6 a. m. yesterday, took a several miles run on the road, took a shower upon his return and after eating sparingly, went to his daily toil. Last evening he hopped into the ring at the Jefferson A. C. and boxed six rounds with Mike Rubin, Dime A. C. light heavyweight.

Rubin Also Training

Fans of the P. O. C. who follow Gray to all his scraps, believe that he is in the best shape of his career. They know that if he isn't in the pink Monday he may receive the same as Sharkey received from Karak, who is one of the best middleweights Vince Joyce of the Columbus club, Youngstown, ever has handled.

And Mike Rubin? That light heavyweight wallop, also is getting into condition. He will have to be in good shape to stand before Julius Walters, colored light heavyweight, who fought Rubin at the Fraternal Order of Police show at Tawgart Field last summer.

The class of the lightweight amateur ranks will be represented with George Davis, state champion of Ohio, and Earl (Pop Eye) Donaldson, golden gloves champion, meet in another three round scrap. In addition to the foregoing fights, there are five others docketed for 8:15 p. m. Monday.

The fans witnessed plenty of action in the first amateur boxing show at the Arena. Efforts have been made to match the boys as evenly as possible, according to ability and weight and indications point to another capacity crowd on October 26.

David Lloyd George has written five volumes of his war memories. That's prosperous—even the German ex-kaiser can't remember that much about it.

Kreiger-Rankins To Meet Tonight

(International News Service)
PITTSBURGH, Oct. 22.—Solly Kreiger, Brooklyn middleweight, will climb through the ropes a slight favorite over his ebony-hued foe, Oscar Rankins, hard-hitting Chicago lad, here tonight for a 12-round session that is expected to be attended by one of the heaviest indoor gates seen locally in several seasons.

Trained down to the minute, both gladiators proclaimed themselves in fine shape for the bout, with Rankins revealing that, should he win, he would seek a title affair with Freddy Steele, the middleweight champion.

In the 10-round semi-windup, Bill Conn, of Pittsburgh, faces Ralph Chong; Herbie Katz, of Brooklyn, meets Jimmy Brown, Canton, O.; Joey Suk, Pittsburgh, tackles George Raffia, East Liverpool, O.; Charley Burley, Pittsburgh, takes on Ralph Gizzy, Donora, to complete the card.

Nonpareil Has Match Tonight

The Nonpareil Rifle club of New Castle will have a league match shoot with the Mahoning Rifle club of Youngstown at the west side range tonight. The match will start at 7:30 o'clock, according to Secretary Karl Rohrer.

This a Penn-Ohio league match and all members of the Nonpareil club are urged to attend.

Baer-Weimer Bout Disgrace

Ontario Athletic Commission Is Reorganized By Premier Hepburn

(International News Service)
TORONTO, Ont., Oct. 22.—Branding the bout between Max Baer, former world's heavyweight champion, and Butch Weimer, Phoenix, Ariz., fighter, last Monday night, a "fake fiasco" and a disgrace to sports," Premier Mitchell F. Hepburn today ordered reorganization of the Ontario athletic commission.

Premier Hepburn saw a crowd of 8,000 hurl bottles and other missiles at the ring when Weimer was counted out early in the second round after taking a few jabs to the body.

Arthur Donovan, New York referee, was replaced by a Toronto referee for the bout when Anell Hoffman, Baer's manager, threatened to withdraw Baer is Donovan entered the ring.

After naming P. J. Mulqueen, veteran sports official, as chairman of the commission to succeed Dr. J. A. Faulkner, Premier Hepburn said:

"I was at the fight myself and it was terrible. Donovan wouldn't have tolerated what went on when Baer was fighting. Weimer wasn't even hit hard."

Aluminum is the most abundant metal yielded by the earth's crust. Although not discovered as a separate metal until 1824, science has since determined that there is more aluminum in the earth than any other metal.

New Castle High Hard At Work In Training Period

With the invasion of Warren, O., Friday night uppermost in their minds, the New Castle high "Red Hurricane" football team goes about its training this week.

The victory string snapped last week in a tough game with Massillon high, the locals are anxious to get started on another streak. Warren will give the Red and Blacks something to think about at Warren, despite their three reverses so far this year.

Coach Pierre Hill is rebuilding his team for the New Castle game, according to Tommy Thompson, the Warren sports writer, and hopes to hit upon a winning combination. He was far from pleased with the manner of some of the gridders in the annihilation proceedings at Martins Ferry last Saturday.

The sale of tickets in Warren is reported as good for the New Castle game. The 500 tickets sent here by Warren are reported as going fast. Meantime, the New Castle team gets some more polish in forward passing, and in their line play, which was not up to snuff in the Massillon game.

Believe Professional Football Is Cutting In On College Games

No Outstanding Stars To Draw Them In Each And Every Saturday

By DAVID J. WALSH
International News Service Sports Editor

NEW YORK, Oct. 22.—Of course, it can't be true what they say about football. It's probably a lot of sideshow slanders of the kind they pass around about the old soubrette who happened, some years ago, to discover that she could trade in the pony skin for something tasty in Siberian sable.

Anyhow, they say that college football is losing its sucker appeal and I'm beginning to wonder a little myself, although I've been so busy hanging around the boudoir entrances of the various principals I haven't especially noticed that the suckers weren't hitting the turnstiles with quite the usual gusto. The testimony on this point comes largely from the east, with New York a conspicuous witness.

No Outstanding Stars

They just aren't attending here in the manner to which graduate managers wish to feel accustomed and while various excuses have been aired, few of them quite suffice.

Some blame it on the lack of "name" players this year. Others say that the rules have so stressed the element of safety that a spectator can't get enough excitement, unless he's unlucky and happens to fall upon his own bottle. They also speak of the radio and proceed to cite the weather of recent weeks, but I can't go along with that idea because I've known the time you couldn't keep them away with hot and cold running water in every shoe.

There is no doubt, though, that professional football is cutting its piece of catabwa on the week end business, for a lot of them around here would rather see two hired teams for one dollar than hear three rats for five.

But whatever the reason, here's the result so far: Southern Methodist, behind a Rose Bowl build up, came into New York to play Fordham, with its supposed local following. They drew 30,000. It was a bad day, but not that bad. At the same time, they moved Columbia and the Army out of Baker Field, and didn't have to. It drew less than 40,000 at the Yankee stadium.

Crowds Dwindle

Last Saturday, Colgate and Tulane were to repeat their melodrama of two years ago but only 20,000 were interested. It was another wet day—but I seem to remember such things as advance sales making the weather an incidental factor. Anyhow, there was less than 20,000 at N. Y. U. and North Carolina, an unbeaten team.

Meanwhile, a then unbeaten Harvard team played the Army and drew about 25,000, paid, at Cambridge. The weather again, although the show the Army put on a week before should have sold that many in advance. Holy Cross and Manhattan were having a blood feud at the same time. To hear them tell it, they were going to re-play the battle of Gettysburg—but the crowd was less than 5,000.

Bears To Play Frisco Eleven

Sunday afternoon, the E. & A. football field, Mahoningtown, will dominate the Independent spotlight where the Wabash Bears, of Seventh Ward, oppose the Frisco eleven.

In defeating Farrell last Sunday, the Bears served notice of their strength. The Mahoningtowners have a fast club. Ruffles Johns, J. Scarazzo, Hank Scarazzo, Rocco Tommelleo, Blackie Adamo, Sammy Copple, Tip Richards, DiMatteo, former New Castle high gridders are on the team.

Steele-Matthews In Great Fight

Will Take X-Ray Of Hands Of Champion Freddy Steele, Broke Two Gloves

(International News Service)

SEATTLE, Wash., Oct. 22.—An x-ray of Freddie Steele's right hand was to be taken today to determine whether he fractured any bones in his hard socking mitt during last night's bloody 10-round bout with Alan Matthews, sensational Negro middleweight from St. Louis.

The middleweight king won the decision in the toughest battle of his career.

Steele broke two gloves. He burst a new glove in the eighth and another which replaced it also was split in the tenth, when he injured his right hand.

This gives some idea just how hard Steele was socking. He also was stopping some terrific punches. In the sixth round, Steele floored the Negro for an 8 count but couldn't score a knockout.

Matthews came back fighting hard and made a terrific finish. Both fighters stood toe-to-toe and landed repeated hard rights and lefts to the face and stomach.

Both were bleeding freely from their noses and mouths when the bell ended the tenth round. Their bodies were covered with blood.

It was a non-title overweight bout. Steele weighed in at 158½, Matthews 162.

Grovers Hope To Upset Alligators

Coach Bill Amos Believes Grove City Will Take Scalp Of Alleghenys

GROVE CITY, Oct. 22.—A gridiron rivalry dating back almost without a break to 1899, will be renewed at Meadville Saturday when Grove City and Allegheny meet for the 42nd time. The annual football game makes or breaks the season for the rivals, and in the 41 games, upsets have become the rule rather than the exception.

With this in mind, Coach Bill Amos took no chances this week and although the Grovers are conceded an edge in the coming game, the Crimson mentor handed his squad the most strenuous practice program this week that his charges have gone through. At "skull" practice he has been emphasizing a similar situation two years ago, when a highly-favored Grove City team lost 6-0 to Allegheny.

Hoping for a dry field Saturday, Amos has been working his lighter, faster backs on an open type of offensive, unused so far this year. In Schoch, Bingham and O'Mahoney, the Grovers have a trio of shifty halfbacks who have had little chance to show their stuff so far. All three are being groomed for service against the Gators, with Mori and Patterson supplying the power.

The earth gets about 1-600,000 as much light from the full moon as from the sun.

IN SPORTS' LAND HERE AND THERE

Glenn Morris and Jesse Owens, outstanding among America's Olympic heroes, are waging a close battle in the preliminary balloting for the 1936 award of the James E. Sullivan trophy, voted yearly to the athlete "who by his performance, his example and his influence as an amateur and a man has done most during the year to advance the cause of sportsmanship."

George Chip, former middleweight champion, may undertake the tutoring of local amateur boxers. Frankie Ross, who taught Romeo Pacelli and Paris Cangle, former lightweight also propose establishing stables for amateur boxers.

Arturo Godoy, who knocked out Luis Firpo fought a 10 round draw with Leroy Haynes before 4,000 fans at New York last night. Haynes staged a comeback after losing to Al Etorre and Jack Trammell.

Sing Sing prison football team will play no more football it having been ruled by Commissioner of correction Edward P. Mulrooney that the public could not be charged for admission to games cut off the source of revenue.

Four Sophomores May Start For Pitt Saturday

Daddio, Hoffman, Lezouski, And Goldberg Almost Sure To Start Game

(International News Service)
PITTSBURGH, Oct. 22.—Four Pitt sophomores worked hard today to get the starting call for one of the nation's Saturday football treats, the Pitt-Notre Dame game, while up on the bluff, Coach "Clipper" Smith rounded out the Duke backfield for tomorrow's game against West Virginia Wesleyan.

Bill Daddio, Fabian Hoffman, Al Lezouski and Marshall Goldberg will probably be in Pitt's opening line-up while Johnny Chickernow had a chance of nabbing the quarterback spot against the undefeated Irish. The West Bend outfit entrains tonight for Pittsburgh after heavy rains forced cancellation of scrimmage yesterday.

Coach Smith groomed Vince McKee, Glassport griddler, for the Duke backfield berth left open by injuries to Vario and Matsik.

Lawrence Sportsmen To Shoot Saturday

Members of the Lawrence County Sportsmen's association and others interested will participate in a trap and skeet shoot to be held Saturday at the Fair ground. The shoot will start at two p. m. and not end until darkness. Henry Rodgers will be in charge of the shoot.

Warren High In Doldrums Over Two Big Upsets

Hope To Shake Off Lethargy In Battle With New Castle Friday Night

"Tommy" Thompson, sports editor of the Warren Tribune-Chronicle, has the following to say in a story about the coming New Castle-Warren game on Friday night:

Shocked and somewhat downcast over the successive setbacks at the hands of Youngstown South and Martins Ferry, Harding high's President's yesterday started the task of putting the 3 rickety pieces of their grid machine back together again in anticipation of another stiff fight with New Castle high here under the floodlights Friday night.

Final Night Game

It will be the final night game of the year for the Prexies and indications point to the biggest crowd of the season despite the fact that Warren will enter as the under dog.

Business Manager Henry Ald placed 300 reserved seats on sale and stated that the seats would probably be gobbled up in short order.

A block of 500 seats was sent to New Castle Monday and reports from there indicate that more than 1,000 fans will follow the team here.

In Doldrums

Although the Warren team right now is in its worst doldrums of several years, Coach Pierce Hill has hopes that he will be able to revive the spirits of the players before the game Friday night.

The team was spiritless in Monday's drill but started to show signs of clicking under Hill's tongue-lashing last night and actually performed in topnotch manner for a time.

Andy Bugzavich, brother of Captain Joe and a sophomore, was inserted in the fullback position with Bartlett moving over to right half and Davis taking over the left half duties.

Lack Blocking

This combination seemed to click offensively although lacked the blocking necessary to get the ball carrier by a first class line.

Another combination, contained T. Totterdale, J. Bugzavich, A. Bugzavich and Bartlett, while a third had T. Totterdale, H. Broden, J. Bugzavich and Bartlett.

H. Broden is still ailing from an injured hip and probably won't be in the starting lineup but all of the other members of the varsity squad reported in excellent condition.

Shenango At Mars Friday

Coach Frank Nocera and his Shenango high football squad will depart early Friday afternoon for Mars, Pa., where the East New Castle eleven battles Mars high.

The Shenango eleven is primed for the tussle.

Godoy-Haynes Bout Is Draw

(International News Service)
NEW YORK, Oct. 22.—Three new candidates today were accepted as full-fledged members of the J. L. S. A. S. (Joe Lou! Shock-Absorbing Society).

They are Arturo Godoy, a beetle-browed hombre from Chile; Leroy Haynes, a coffee au lait lad from Philadelphia; and Gunnar Barlund, an importation from Finland who really can fight.

Godoy and Haynes were voted in to the J. L. S. A. S. by virtue of their hair-raising battle to a draw in the Hippodrome last night.

Barlund won his membership by punching out a clear-cut verdict over the wily veteran, Abe Feldman.

Progress Noted In Guild Ingathering

Contribution Of Two New Articles Entitles One To Membership

Friends and contributors of the Needlework Guild are busily engaged in making and buying garments for the annual ingathering which will take place November 5th in the Castleton Hotel.

The local branch is always eager for new members and there are doubtless many persons who will enjoy becoming affiliated with this organization. The contribution of two new garments entitles anyone to membership and Mrs. Fred W. Sontum, Miller avenue, will be glad to furnish additional information. Mrs. Sontum's telephone number is 2567. These garments are distributed to organized local charities.

NEW YORK, Oct. 22.—Weakness in steel shares halted the stock market today although the general undertone was firm. Secony-Vacuum going to a new high for the year and Deere and International Harvester moving to new high ground.

Chrysler and General Motors were off fractionally after early gains. Both U. S. Steel and Bethlehem lost ground. Standard Oil of New Jersey and Consolidated Oil improved fractionally while Douglas, with a two-point advance, led the aviation upward. Rails and coppers were firm.

Greyhound was up one and Mack Truck and American Can off as much. Bonds were irregular, grains and cotton lower.

Local Town's Fair Of Women's Club Opens Wednesday

Big Crowd Enjoys Exhibits And Programs At Shelby Auditorium Here

ELLWOOD CITY, Oct. 22.—Shelby auditorium attracted a large crowd when the Women's club of Ellwood City held its second annual town's fair for the benefit of local charity.

The people got a thrill in viewing the elaborate exhibits of the local merchants on the two floors of the Shelby club house. There were exhibits of food, clothing, machinery, things of luxury, etc. It was a well worthwhile display.

The evening's program was well prepared and handled by the program committee of the Women's club, Mrs. Ralph Main, chairman. With Fred Robuck acting as announcer of the evening over a public address system, he introduced Burgess Russell T. Siller, who gave a brief address of welcome and officially opened the second annual town's fair of the Women's club.

An interesting program then followed and included two song and dance acts by little Jean Ross, several selections by little Ann and Jack Butler. These tots received a roar of applause for their efforts. Then a trio of well known local musicians, Robert Stevenson, John Kuczmarski and John Leggerio, favored with a number of selections on the piano, violin and saxophone respectively.

This was followed with a style show dating back to 135 years ago to the present. Mrs. Beagle and Miss Margaret Cartwright played songs of the past at the piano and violin through the parade of the gowns displayed were usually the property of local people whose ancestors owned them. Attired in one of the old-fashioned gowns, Mrs. Huffman sang "Among My Souvenirs." Another interesting feature was a minuet danced by Miss Sally Davis, Miss Beatrice Brunton, Miss Howe and Miss Newman. Modeling the various gowns were Betsy Conner, Gertrude Cragle, Jean Wallace, Gladys Newman, Helen Downing, Blanche Means, Ethel May Wallace, Mary Evelyn Christy, Joan Beagle, Betty Christy, Ruth McCabe, Hazel Pitts, Maryland Neff and Dorothy Jane Dambach.

The evening's program included an auction conducted by Fred Robuck and the distribution of several door prizes.

Pollyanna Club Meets Wednesday

ELLWOOD CITY, Oct. 22.—Mrs. R. R. Reed was a pleasing hostess to the members of the Pollyanna club at her home on Todd avenue Wednesday afternoon with 12 present.

The day was spent in a general social manner with games and binnies. Mrs. Elizabeth Cunningham won the prize for the latter. At an appointed hour dainty refreshments were served by the hostess with the aid of Mrs. Kistner.

The next meeting of the club will take place on the third Wednesday of November at the home of Mrs. M. A. Blickett in New Castle. They plan to visit the Shenango Pottery there in the afternoon.

Announce Marriage Of Ellwood Couple

ELLWOOD CITY, Oct. 22.—An event of unusual interest was revealed this morning when Mrs. Frank Baker announced the marriage of her daughter Miss Ruth E. Tilia, of this city, to Gerald Welsh, son of Roy Welsh, also of this city.

The marriage occurred last Aug. 15, at Mayville, N. Y., with Rev. Thompson of the Methodist church performing the ceremony.

Mrs. Welsh graduated from the Wampum High school with the class of 1927 and from the School of Nursing of the New Castle Hospital in 1930. For the last five years she has been a nurse at the Ellwood City hospital. Mr. Welsh attended the local high school and was a star tackle of the 1929-30 teams under Peck Lee. He is employed at the Ellwood Forge Company.

Mr. and Mrs. Welsh will be at home to their friends after Nov. 1, when they will take up residence in their newly furnished apartment on Lawrence avenue.

Teachers' Club Meets Wednesday

ELLWOOD CITY, Oct. 22.—An enjoyable meeting was held by the members of the Teachers' club at the home of Miss Hilma Dahl on Fifth street and Wayne avenue.

Two tables of bridge occupied the attention of those present for the greater portion of the evening. Mrs. Madge Yeomans and Mrs. Emerson Walker were found to be the winners of the high score awards at the conclusion of the games.

An appetizing luncheon was served later in the evening by the hostess. The club will meet again in two weeks at a place to be announced later.

Ewing Park Club Has Fine Meeting

ELLWOOD CITY, Oct. 22.—With delightful hospitality Mrs. R. J. Wilson received the members of the Ewing Park club at her home on Wood street, Tuesday evening.

Bridge and the chief diversion of the evening with two tables in play. The score awards at the close went to Mrs. Percy Lytle and Miss Minnie Jenkins.

A delectable menu was served by the hostess later in the evening with the aid of Mrs. Lytle. In two weeks the club will meet with Miss Jenkins on Second avenue.

County Officers Address Societies

Women's Missionary Societies Meet At North Sewickley Church

ELLWOOD CITY, Oct. 22.—Members of the Women's Missionary societies of the Knox and North Sewickley Presbyterian churches gathered on Wednesday at the North Sewickley church for their annual combined meeting with the presbytery officers of the county as special speakers.

At 11 o'clock each society held separate business meetings. The Knox society planned to hold their next meeting on November 11 at the home of Mrs. C. W. Yahn of the Ellwood-Zelenople road. It will be an all-day meeting and a Christmas box will be packed for a mission station at that meeting.

Miss Bessie Collins invited members of the North Sewickley society to hold their next meeting Wednesday, November 13, at her home in North Sewickley township.

The thirty-four in attendance were served a tempting casserole dinner at 12 o'clock by Mrs. John Staff, Mrs. Clem Hays, Mrs. Joseph Clarke, Mrs. Oliver Aiken and Mrs. Walter Blinn. Autumn flowers adorned the tables.

Mrs. John Staff, president of the North Sewickley group, presided at the afternoon session with Mrs. Tina Houk and Miss May Elliott assisting with the devotions.

The Life of Sheldon Jackson and The Sheldon Jackson School in Sitka, Alaska, was the subject of a most informative address given by Mrs. Morrow, who is the presbytery regarding secretary.

Mrs. David C. Locke of Beaver, presbytery publicity secretary, spoke interestingly on the timely topic, "Have Missions Failed?" The county president, Mrs. Fox, gave a summary of the work accomplished by the presbytery during the past year and lauded the local societies for their helpful support in making these accomplishments possible.

G. A. R. LADIES

ELLWOOD CITY, Oct. 22.—G. A. R. Ladies will have a tureen dinner Friday evening at 6 o'clock in the V. F. W. hall on Fourth street. The members are to furnish their own table service. A lodge meeting will follow the dinner. The remainder of the evening will be enjoyed with 500 and bingo.

It is estimated that 400,000 persons enter and leave the penal institutions of the United States annually.

Lilyville Society Has Special Guests

ELLWOOD CITY, Oct. 22.—Mrs. Fred Goehring proved to be a pleasing hostess on Wednesday when she entertained members and guests of the Women's Missionary society of the St. Mark's Lutheran church of Lilyville at her home at Fombell for the regular October meeting.

Special guests were: Mrs. Albert Graff, Mrs. Fred Herman, Mrs. Emmett Gallaher, Miss Mildred Gallaher, Mrs. John Nagel and Mrs. John Nevin.

Quitting was the diversion of the day and at noon the hostess assisted by her daughter, Mrs. John Gabler, served the group a delectable chicken dinner.

The pastor, Rev. Wilbert T. Wilson, who is leaving soon to assume his new duties as pastor of the First Lutheran church of Aspinwall, was present and conducted an interesting devotional period.

During the business meeting plans were made to hold a special meeting on next Wednesday at the home of Mrs. Melissa Daufen of near Celina for the purpose of completing a quilt which is to be presented to the Orphan's home at Zelenople.

Mrs. Edward McKenna invited the group to meet at her home on the Ellwood-Zelenople road for the next regular meeting on Wednesday, November 18.

Castlewood Club Meets Last Night

ELLWOOD CITY, Oct. 22.—Mrs. Forrest Powell delightfully entertained the members of the Castlewood Club at her home on Lane avenue with 16 present.

The evening was enjoyed around four tables of 500 at the conclusion of which the high score awards went to Mrs. Warren Hockenberry, Mrs. Henry Seeth, Jess Daugherty and Dal Buquo for the ladies and men respectively.

Later in the evening an appetizing luncheon was served by the hostess with the aid of Mrs. Daugherty. The club was invited to be the guests of Mrs. Hineberger, a former member of the club who moved to Edgewood. She will entertain at dinner on November 1.

Mrs. C. K. Morrow Entertains Club

ELLWOOD CITY, Oct. 22.—Mrs. C. K. Morrow was a charming hostess to the members of the Contract Club at her home on Jefferson St. yesterday.

Two tables of contract bridge occupied the attention of those present with the score awards at the close going to Mrs. Morrow and Mrs. Harry Harris. The club will meet again in two weeks at the home of Mrs. C. R. O'Neil, on Foch street.

Ellwood Invades Midland Saturday

Blue And White Wolverines Hope To Break Into Winning Column Again

ELLWOOD CITY, Oct. 22.—A somewhat revamped Ellwood City High team will invade Midland Saturday for their sixth game of the season where they are determined to break into the winning column after four straight losses.

With Earl Young, star fullback and spark plug of the team, and regular left end Jim Flanagan, definitely out of this game due to injuries, Coaches Bill Mitchell and Dutch Croft have been busy building in new material to fit in to the lineup. With the season practically gone the coaches may decide to gamble with their material in the hopes of uncovering a new clicking combination. Anyway, it seems that there is nothing to lose and everything to gain. Judging from the workouts and scrimmages, there is every indication that a new clicking backfield combination has been uncovered. It is an entire sophomore backfield which is very likely to start.

Judging from the records and opposition of both elevens, they are about on a par. Ellwood has won one and lost four and Midland won one, tied one, and lost three. Coach Rusty Lemond has several regulars and lettermen from last year's team and has built up a fine defensive eleven. They are primed for this game Saturday and hope to avenge the worst defeat Midland suffered last year when Ellwood won 21-0.

HOSPITAL NOTES

ELLWOOD CITY, Oct. 22.—Admitted Wednesday: Louis Serrano of South Second street.

Discharged: Mrs. Charles Lusher of Pershing street, Mrs. Thomas Benn of Glenn avenue, Mrs. John Butchell of Franklin avenue.

LITTLE ORPHAN ANNIE: By the Dawn's Early Light

Says Coal Supply Will Be Exhausted In 80 To 100 Years

Pennsylvania State Geologist
Makes Prediction On
"Coal Beds"

(International News Service)
PITTSBURGH, Oct. 22.—Most valuable single mineral deposit known to man, Pittsburgh's "coal bed," with an estimated value of 32 billion dollars, will run out within the next 80 to 100 years, George H. Ashley, Pennsylvania state geologist, declared here today.

Ashley, who spoke before the opening sessions of the two-day meeting here of the coal division of the American Institute of Mining and Metallurgical Engineers, pointed out the "Pittsburgh bed" covers an area of 6,000 square miles in the southwestern portion of the commonwealth, overlapping into West Virginia and Ohio. Speaking of the potential value of unmined coal in the area, Ashley said:

16 Billion Tons
"According to our calculations, there are at least 16 billion tons of recoverable Pittsburgh coal still in the ground. Undoubtedly most of this coal will be mined under a much larger market demand. General demand for heat and power will increase in the future as in the past. The efforts to stabilize the coal industry, now aroused, will doubtless become effective in the future, changing the coal industry as a whole from red ink to black and holding, if not raising, present prices. On the whole, therefore, we seem justified in asserting that the 16 billion tons of Pittsburgh coal in the ground . . . will ultimately yield at least 32 billion dollars, and might conceivably bring in 50 to 60 billion dollars."

Frank H. Wagner, vice president and general manager of the Lehigh Valley Coal Company, Wilkes-Barre, read a paper in which he stated the past 10 years have witnessed a steady increase in mechanized loading underground in coal mines in the United States.

Open Fall Classes In Three Centers

The fall Adult Education Division under the WPA has started fall and winter classes at the three city centers, North Street, Lincoln-Garfield and Mahoning schools. A varied list of subjects are offered this year and great interest has been shown in class work. Registrations are still being taken at the schools between 6:30 and 9:30 p. m. and are open to any adult over 16 years of age. These courses are entirely free of charge.

AT LAST A COUGH RELIEF—THAT ALSO SPEEDS RECOVERY

Remember the name! It's FOLEY'S HONEY & TAR! Double-acting. One set of ingredients quickly soothes, relieves, loosens, breaks up, and kills the cough. Another set reaches the bronchial tubes, loosens phlegm, breaks up a cough due to a cold and speeds recovery. For quick relief and speed-up recovery, ask your druggist for double-acting FOLEY'S HONEY & TAR. Ideal for children, too. Get a bottle today.

Navy Day Display On Public Square

Display Of Naval Equipment
Attracts Attention In P.
& L. E. Window

Persons passing the Public Square today were attracted by an unusual display of wartime machinery, which has been placed in the window of the ticket office of the P. & L. E. railroad, by Maurice L. Nixon, local recruiting officer for the United States Navy.

This display has been formed to mark October 27, which has been set aside as Navy Day throughout the United States. Navy Day is celebrated every year on October 27, the birthdate of Theodore Roosevelt, great American statesman and friend of the navy. This day was first set aside in 1922 by the Navy League of the United States and this group has sponsored it on land and sea since that time. Another reason for the choice of this date is the fact that the navy was first founded by the Continental Congress on that date.

A model of a sea going vessel graces the front of the display and this is surrounded by gun ammunition. Directly in the middle of the window stands a stack of rifles, and below this is brightly shining shell. A breathing lung is also among the articles on display and causes much comment. The model ship is a masterpiece of work and is complete to the most minute detail. Every spar, line, and mast is in the proper place, and a very excellent job has been done on it. A coat of red and white paint adds much to the appearance of the ship. The entire exhibit is backed by a large American flag and on each side of this flag, hangs a signal flag of the type now in use in the U. S. navy.

Nixon states that the entire exhibit will be left in the window until several days after Navy Day, October 27.
